PUBLIC SERVICE
COMMISSION

December 14, 2004

Mrs. Beth O'Donnell, Executive Director
Kentucky Public Service Commission
211 Sower Blvd.
Frankfort, KY 40601

Dear Mrs. O'Donnell:

2004-00505

Cinergy Communications Company ("CCC"), South Central Rural Telephone Cooperative Corp. Inc. ("SCRTC"), South Central Telcom LLC ("SCT LLC"), and Alltel jointly request the Kentucky Public Service Commission (KPSC)'s assistance in resolving a numbering issue in Glasgow, KY.

Currently, the KPSC recognizes two separate Rate Centers (or Exchanges as defined by the KPSC's 'Exchange Boundary' map) in Glasgow, KY. Those two Rate Centers are Glasgow (served by ILEC, AllTel) and Glasgow Rural (served by ILEC, SCRTC). However, from a national viewpoint and those of the code administrators (Neustar Pooling Administration, the North American Number Plan Administration, the Number Portability Administration Center and the Local Exchange Routing Guide,), there is recognition of only one Rate Center in Glasgow. The disparate viewpoints between the KPSC and the national code administrators have caused numerous problems with local number porting and the assignment of codes.

Accordingly, the above listed parties respectfully request the KPSC's assistance in resolving the matter by contacting the appropriate federal agencies to clarify the existence of two rate centers in Glasgow, KY (with the assistance of any or all carriers involved if necessary). In order to assure that Kentucky consumers aren't adversely affected by this, the parties further request that this issue be resolved as expeditiously as possible in order to prevent further complications in routing and potential problems for customers.

Please feel free to contact any or all of us concerning this matter. CCC will be happy to facilitate a conference call and provide a conference bridge if necessary.

Respectfully yours,

Adam Mueller
