Re: Public Notice – Public Service Commission of Kentucky,
Case No. 2004 00508 (The Renfro 2 Facility)

Dear Ms. O'Donnell:

This law firm represents Loretta Stevens Rowe, 12009 Congressional Pointe, Knoxville, Tennessee 37922, in the matter referred to above. Please direct all future correspondence related to Ms. Rowe's interest in this matter to me.

On December 31, 2004, Ms. Rowe received a letter from W. Brent Rice, counsel for Verizon Wireless, describing Verizon's application to construct a cell facility on land adjacent to property owned by Ms. Rowe. Mr. Rice directed Ms. Rowe to contact the Public Service Commission of Kentucky (the "Commission") with any response or request to intervene. Ms. Rowe objects to Verizon's application and does not want the cell facility constructed in the vicinity of her property.

Ms. Rowe seeks to intervene and become a party in the matter related to Verizon's application, and reserves all rights related thereto. Please send to me a copy of any statutes, rules or regulations related to the intervention and objection process. Additionally, pursuant to KRS 61.870, I hereby request a copy of Verizon's application for construction and operation and all supporting documents, including, but not limited to: (a) decisions of the Commission or its representatives or designees; (b) minutes of any and all meetings held or attended by the Commission during which Verizon's proposed "Renfro 2 Facility" was discussed; (c) any site plans, sites drawings or site specifications related to the proposed "Renfro 2 Facility"; (d) all documents memorializing any conveyance or lease to Verizon related to the "Renfro 2 Facility"; (e) all documents related to any studies commissioned or completed related to the environmental or economic impact of the proposed "Renfro 2 Facility"; and (f) all communications between Verizon and the Commission related to the proposed "Renfro 2 Facility".

Ms. Beth O'Donnell
