TELECOMMUNICATIONS CARRIER)
IN THE COMMONWEALTH OF KENTUCKY)**

Case No. 2005-00019

MOTION FOR EXTENSION OF TIME

Applicant Kentucky RSA #3 Cellular General Partnership (“Applicant”), by counsel, hereby moves the Public Service Commission of the Commonwealth of Kentucky (the “Commission”) for a five (5) business day extension of time through and including Friday, April 8, 2005, within which to answer the Commission’s data requests and interrogatories in the above-styled case. As grounds for this motion, Applicant states as follows.

1. Pursuant to the Commission's order of March 17, 2005, Applicant has only 14 days within which to answer the Commission’s 17 data requests and interrogatories, some with several subparts.

2. The Applicant appreciates the Commission’s desire to expedite this case, but also wants to completely and accurately answer the Commission's data requests and interrogatories. And, to do so, will take a little more time.

3. Many of the members of Applicant's management team with whom legal counsel needs to consult to answer and respond to the data requests and interrogatories are out of town all week, on the west coast, attending an annual industry conference of small wireless carriers. This makes it logistically difficult for management to review the answers to the Commission's data requests and interrogatories and the documents upon which Applicant's answers are based, and then to consult with legal counsel with respect thereto. Accordingly, Applicant has been unable

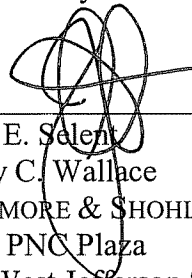

to consult fully with legal counsel regarding its answers to the Commission's data request and interrogatories.

4. This is an important matter to both Applicant and the Commonwealth of Kentucky. It is important to Applicant because the Company's ability to build out its wireless infrastructure in Kentucky may depend, in good part, upon the outcome of this case. And, it is important to the Commonwealth because Applicant is part of a consortium of affiliated companies under common local ownership or control who have really led the way in the build out of Kentucky's wireless infrastructure in their respective service territories. Consequently, it is important that Applicant respond satisfactorily and accurately to the Commission's questions, and that will take a few more days.

5. There is only one intervenor in this case and Applicant does not believe that this extension will prejudice the intervenor.

Therefore, Applicant respectfully requests the Commission to grant its motion for a five (5) business day extension of time through and including Friday, April 8, 2005 to answer the Commission's data requests and interrogatories.

Respectfully submitted,

John E. Selent
