To Whom it may Concern:

God Bless you, God Bless you, God Bless you! for just being there & willing to listen to my Cry. And for all the help you have given me. For each & every one that had their heart & mind on my Case, I want to thank you & will forever be grateful.

My phone calls were handled with care and that gave me courage. Standing alone is not easy but you have made the burden lighter. In sending you a copy of the letter I'm getting off to S & E. It's not over yet, But the Lord shows me I have "One Leg up and My Other Foot is in His Hands". What more can you ask for. My God is so good!

I Choose to be ^{the} one of the ten who come back to say Thank you. And that's the purpose of this message. You will forever be in my prayers and I ask for yours too

Sincerely in Christ

I didn't appreciate the call from you & your accomplice at the special time you chose there again the Lord shows me after 14 years you are still causing me mental anguish with your viciousness & deceiving call promptly at 5:00 when you know I was driving (we have it taped) and those will pay for that too - God's way. I try very hard to live by the Golden Rule and it is very trying dealing with such as you. If you wish to talk to me I ask for a face to face meeting as I did as far back as in the letter to Debbie Rhode and I sent a copy to you.

Are you not man enough or in plain words, have quite enough to come to my home for a few minutes to talk face to face? The enemy always works from the dark.

I will accept the \$4,356.36 plus \$30,000.00 for the suffering & mental anguish you yet are putting me through, and nothing less.

My God says stand firm and you will get justice. And justice is all I want. And in obedience to Him, so His feet I stand in faith. And God says He will also require payment from each who have lied & deceived to cheat & steal from me in this case. And God's payment does not consist of money. We could only wish it would. You handle this anyway you choose but I serve a God who is bigger still. God deals with us each individually. I hear the S. B. & E. employees say, this happens all the time and I keep my ears open and I know it does, and you are still lying & trying to cover up. I live my life under the guidance of the Holy Spirit and my job is to expose the wrongs, & give you the opportunity to pay. And from here I leave this to God and His Word is big enough. Amen

O Lord I thank you

Sincerely in Christ
