RE: Application of Kentucky Utilities Company for a Certificate of Public Convenience and Necessity for the Construction of Transmission Facilities in Franklin, Woodford and Anderson Counties, Kentucky
Case No. 2005-00154

Dear Ms. O'Donnell:

Enclosed please find an original and ten (10) copies of page three (3) of Kentucky Utilities Company's ("KU") Application and Testimonies of Mark S. Johnson and J. Nate Mullins in the above-referenced docket.

The page was inadvertently omitted from some of the bound copies filed on May 11, 2005. Should you have any questions concerning the enclosed, please do not hesitate to contact me at (502) 627-2573.

Sincerely,

John Wolfram
Manager, Regulatory Affairs

cc: Parties of Record

minimizing the impacts of the projects. The direct testimony of Nate Mullins, submitted herewith, contains a detailed discussion of the reasons that the proposed construction serves the public convenience and is incorporated herein by reference. 807 KAR 5:001, Section 9(2)(a).

7. Permits or Franchises. KU is not required to obtain franchises from any public authorities and, thus, none are submitted herewith as required by 807 KAR 5:001, Section 9 (2)(b). KU has obtained no permits from public authorities and, thus, none are submitted herewith as required by 807 KAR 5:001, Section 9(2)(b). KU may be required to obtain requisite FAA, highway and railroad crossing permits as well as certain environmental and construction-related permits associated with the construction of the proposed transmission line. Copies of those permits will be filed with the Commission, as obtained, to the extent required by law or requested by the Commission.

8. Description of Locations and Routes. A full description of the proposed location and route of the transmission facilities is contained in the direct testimony of Nate Mullins, together with a description of the manner in which the same will be constructed, as required by 807 KAR 5:001, Section 9(2)(c). The proposed transmission line will not compete with any public utilities, corporations or persons.

9. Route Maps. Pursuant to 807 KAR 5:001, Section 9(2)(d) and 807 KAR 5:120, Section 2(2), maps in a scale of 1 inch equals 1,000 feet showing the proposed transmission line, including the affected property boundaries as indicated on the counties' property valuation administrators' maps, and the location of all facilities, rights of way and easements are submitted herewith as exhibits to the direct testimony of Nate Mullins,
