Dear Mr. O'Donnell,

MN

It is to ask your help on the Eastern Power Co.

The farm and this Company is going to ruin our farm.

We have worked in hard here, then we saw your line.

We have good land but it is gone country and we have sent

below that farm. (Signed) *[Signature]*

Dear Mr. O'Donnell MN

I am a land owner in Northern Iowa

Co. Please have East Kentucky Power Fund

an alternative route for their proposed

transmission line to the new Rural

Electric. This land is my home and

I am opposed to this unnecessary

expansion. Thanks Jay Lehmann

Please Deny this line!

Milk cows, a very serious detrimental effect on

that high voltage power lines have

a Dairy Farm and it's a proven fact

that I have

to this project. I have

in record as being totally

proposed power line of EAST KY Power.
