THE PUBLIC SERVICE COMMISSION OF SOUTH CAROLINA

DOCKET NO. 2005-210-E - ORDER NO. 2005-691

DECEMBER 8, 2005

IN RE:	Application of Duke Energy Corporation for)	ORDER
	Authorization to Enter into A Business)	GRANTING
	Combination Transaction with Cinergy)	CLARIFICATION
	Corporation)	

This matter comes before the Public Service Commission of South Carolina (the Commission) on the Motion for Clarification or Supplemental Order filed by Duke Energy Corporation (Duke). Whereas, the Commission approved the business combination between Duke and Cinergy Corporation, certain questions have since arisen about changes, ministerial, name, or otherwise occurring as a result of said business combination. According to Duke these questions include, but are not limited to, Certificates of Environmental Compatibility and Public Convenience and Necessity, signage, tariffs, designations on vehicles, contracts, customers' bills, and customer literature. Duke states a belief that the approval of the original Application implicitly allows, for example, various changes, assignments, amendments, and delegations of duties, consistent with the merger approval. The Office of Regulatory Staff (ORS) has no objection to the Motion. ORS states a belief that Duke is making this request mainly so that it may replace the corporate name on various assets and business documents, among other things, with the appropriate corporate name resulting from the merger with Cinergy Corporation.

We have considered this matter and grant the Motion for Clarification or

Supplemental Order. We agree with and hold that this Commission's original merger

approval implicitly allows all necessary changes, ministerial, name and otherwise,

resulting from the merger approval. However, we hold that this is true only if and when

the merger between Duke and Cinergy Corporation is consummated. We do not believe

that such changes should occur prior to consummation of the merger. Changes prior to

the consummation could create confusion among the two companies' customers.

This Order shall remain in full force and effect until further Order of the

Commission.

BY ORDER OF THE COMMISSION:

Randy Mitchell, Chairman

ATTEST:

G. O'Neal Hamilton, Vice-Chairman

If the purpose of application is Amendment or Withdrawal and the disposition action indicates that a Dismissal occurred, there may be a previous version of that application still pending in ULS. You are encouraged to utilize ULS Application Search to research the disposition status of all versions of a particular filing.

The Bureau's weekly Public Notices only provide basic information regarding applications filed and actions taken. Specifically, our Public Notices do not list detailed transaction descriptions or new call signs assigned by the Bureau as a result of assignments of authorization. The detailed instructions below are intended to guide interested parties in obtaining more detailed information via ULS.

How to view an application listed on this Public Notice via ULS.

- * Note the 10-digit file number listed on the Public Notice;
- * Access the ULS (instructions are on the internet at http://www.fcc.gov/wtb/uls);
- * From the ULS Online Systems Menu in the center of the screen, scroll down to the "Search" section and click on the "Applications" button;
- * On the Application Search Screen, select the Search Type for "Transfers and Assignments" and click on the "Continue" button;
- * Type the application's 10-digit file number into the "File Number:" field on the Application Search screen;
- * Scroll to the bottom of the page and click the "Search" button;
- * When the search is completed, the application will be listed by file number on the screen;
- * Click on the file number (in hypertext) to view the application and attachments.

How to find new call signs created as a result of an assignment of authorization.

- * View the assignment application in ULS as listed above in "How to view an application on this Public Notice via ULS":
- * At the bottom of the application display screen, select "History" from the "Application Options" and click on the "Go" button;
 - From the History screen, locate the Application Consented Date, this will be the Grant Date of the new callsign generated as a result of a consummated assignment of authorization;
- * Click on the "Home" button at the bottom of the screen to return to the ULS Online Systems page:
- * Scroll to the "Search" section and click on "Licenses":
- * On the License Search screen, click the "Advanced License Search" link;
- * In the Licensee Name field, key the name of the Assignor of the Assignment, under License Detail Dates, select "Grant Date", select the "To" and "From" dates and enter the Application Consented Date in both the "To" and "From" fields;
- * Scroll to the bottom of the screen and click "Submit";
- * Click on the call sign (in hypertext) to view the license details.
