**FILING OF EAST CLARK COUNTY WATER
DISTRICT OF PROPOSED TARIFF
AND MOTION FOR EXPEDITED APPROVAL**

East Clark County Water District ("East Clark"), by counsel, hereby files its proposed revised tariff pages implementing its settlement agreement and amendment to its Water Purchase Agreement with Winchester Municipal Utilities ("WMU") previously filed by WMU in this case.

East Clark also moves the Commission for expedited approval of the settlement agreement and contract amendment and of its proposed rates in the tariff filed herewith. Pursuant to KRS 278.180(2), the Commission may approve a reduction of rates in "less time" than the ordinary notice period of thirty (30) days. The rates to be charged by East Clark and WMU to each other are reductions to the rates previously charged, are just and reasonable, and represent many months of negotiations. Expedited approval of these rates is very much in the public interest. WMU has proposed an effective date of July 6,

2006, for its proposed rate to East Clark. East Clark proposes that its rates to Winchester, filed in compliance with its agreement settling the issues in this case, also be given an effective date of July 6, 2006.

For the foregoing reasons, East Clark moves that the Commission accept for filing the settlement agreement, contract amendment and proposed tariff pages filed herewith, and prescribe an effective date of July 6, 2006, for both Parties' proposed rates.

Respectfully submitted,

C. Kent Hatfield
