## **BEFORE THE KENTUCKY PUBLIC SERVICE COMMISSION**

RECEIVED NAV 9 9 2005 PUBLIC SERVICE

IN THE MATTER OF:

## GENERAL ADJUSTMENT OF ELECTRIC ) RATES OF KENTUCKY POWER COMPANY) CASE NO. 2005 -00341

## **KENTUCKY POWER COMPANY RESPONSES TO KIUC FIRST SET OF DATA REQUEST**

**VOLUME 2 OF 2** 

November 29, 2005

1

KPS C Case No. 2005-00341 KIUC First Set Data Request D=ted November 10, 2005 Item No. 26 Page 1 of 1

## Kentucky Power Company

#### REQUEST

Refer to Section V, Work paper S-2 page 2. Is the OH state income tax actually a franchise tax? Please explain.

#### RESPONSE

Ohio state income tax is imposed under the Ohio Corporation Franchise Tax. The Ohio Corporation Franchise Tax requires the taxpayer to pay the greater of a franchise tax calculated on net worth (capped) or based upon taxable net income. Historically, the Company has paid Ohio franchise tax based upon taxable net income.

KPSC Case No. 2005-00341 KIUC First Set Data Request Dated November 10, 2005 Item No. 27 Page 1 of 1

## Kentucky Power Company

### REQUEST

Please confirm that the Company has jurisdictional sales in WV

#### RESPONSE

The Company has no jurisdictional sales in West Virginia.

KPSC Case No. 2005-00341 KIUC First Set Data Request Order Dated November 10, 2005 Item No. 28 Page 1 of 10

## Kentucky Power Company

### REQUEST

Refer to page 16 lines 12-13 of Mr. Wagner's Testimony. Please provide a copy of the Work paper referenced in hard copy and in electronic format with formulas intact.

#### RESPONSE

See attached.

#### BEFORE THE PUBLIC SERVICE COMMISSION OF KENTUCKY

CONT 1 2 2005

In The Matter Of:

GENERAL ADJUSTMENT IN ELECTRIC RATES OF KENTUCKY POWER COMPANY

CASE NO. 2005-00341

#### MOTION TO SUPPLEMENT TO APPLICATION

)

)

)

Kentucky Power Company moves the Commission for leave to supplement its

Application with certain work papers (consisting of six pages) that were to be included with

Section V, Schedule 10 to the Application. The papers, pages 1-3, are attached hereto but were

omitted inadvertently when the Application was being assembled.

Respectfully submitted

Bruce F. Clark Mark R. Overstreet Judith A. Villines STITES & HARBISON, PLLC 421 West Main Street P.O. Box 634 Frankfort, Kentucky 40602-0634 Telephone: 502-223-3477 COUNSEL FOR: KENTUCKY POWER COMPANY

### REQUEST

Refer to page 16 lines 15-19 of Mr. Wagner's Testimony. Please provide a copy of both documents referenced.

#### RESPONSE

Attached you will find a copy of both documents referenced.

#### 111 FERC ¶ 61,351 UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION

#### Before Commissioners: Pat Wood, III, Chairman; Nora Mead Brownell, Joseph T. Kelliher, and Suedeen G. Kelly.

Tax Deduction for Manufacturing Activities Under the American Jobs Creation Act of 2004 Docket No. EL05-109-000

### GUIDANCE ORDER ON TAX DEDUCTION FOR MANUFACTURING ACTIVITIES UNDER AMERICAN JOBS CREATION ACT OF 2004

(Issued June 2, 2005)

1. This order provides guidance on the Commission's ratemaking policy with respect to the Tax Deduction for Manufacturing Activities (TDMA) in section 102 of the American Jobs Creation Act of 2004 (the Act).<sup>1</sup> The Act provides for a deduction for income attributable to certain domestic production activities, including income from the sale of electricity and natural gas produced in the United States.<sup>2</sup> The TDMA will have ratemaking implications for public utilities that make jurisdictional sales of electricity at cost-based stated rates or cost-based formula rates, which are discussed further below, but not for jurisdictional natural gas pipelines.

#### **Background**

2. On October 22, 2004, the President signed the Act into law. The TDMA provides for a deduction of up to 9 percent<sup>3</sup> of the income attributable to qualified production activities. Income from qualified production activities includes income from the lease, rental, sale, exchange or other disposition of electricity, natural gas or potable water

<sup>1</sup> Pub. L. No. 108-357, 118 Stat. 1418 (2004) (adding additional section 199 to the Internal Revenue Code, 26 U.S.C. § 1 *et seq.* (2000)).

<sup>2</sup> Act, section 102, § 199(c)(4)(A)(i)(III) (2004).

<sup>3</sup> The TDMA will be phased in so that the allowable deduction equals 3 percent from 2005-2006, 6 percent for 2007-2009, and 9 percent from 2010 onwards. Act, section 102, § 199 (a)(2) (2004).

Docket No. EL05-109-000

produced in the United States. However, the TDMA does not apply to income attributable to the transmission and distribution of electricity, natural gas and water. When fully implemented, the TDMA will be the equivalent of reducing the effective federal corporate income tax rate on production activities from 35 percent to 32 percent.<sup>4</sup>

#### **Discussion**

3. The TDMA is a special deduction that reduces the amount of income tax due from energy sales. The TDMA will have ratemaking implications only for public utilities that make jurisdictional sales of electricity at stated cost-based rates and cost-based formula rates. Income taxes are a cost that is included in the determination of virtually all cost-based rates. Accordingly, we expect these public utilities to appropriately reflect the TDMA amounts in any future filings to change their cost-based stated rates and cost-based formula rates.

4. Additionally, some public utilities utilize cost-based formula rates that are designed to automatically track changes in costs. The Commission is concerned that certain of the formulas established to develop rates may not be structured in a way that will provide an adequate mechanism for tracking the TDMA amount. Accordingly, we direct these public utilities to separately identify the TDMA amounts in any future filings to change their cost-based formula rates.

5. Moreover, since the TDMA only affects rates for jurisdictional entities to the extent that the TDMA amounts are reflected in the cost of service, the TDMA will not have any ratemaking implications for jurisdictional entities to the extent that they engage in the sale of electricity at market-based rates.

6. The TDMA also does not have any ratemaking implications for jurisdictional pipelines. The TDMA applies only to income attributable to qualified production activities, and jurisdictional pipelines do not engage in production activities.

<sup>&</sup>lt;sup>4</sup> For individuals, the reduction in the effective tax rate varies depending on the individual's tax bracket, but, in any case, the amount of the allowable TDMA cannot exceed 50 percent of the individual's W-2 wages of the employer for the taxable year. Act, section 102, § 199(b)(1) (2004).

Docket No. EL05-109-000

KPSC Case No. 2005-D0341 KIUC First Set Data Requests Item No. 29 Page 4 of 9

The Commission orders:

Public utilities with cost-based stated rates or cost-based formula rates for electric energy sales should appropriately reflect the TDMA amounts in any future filing to change a stated cost-based rate or formula rate.

By the Commission.

(SEAL)

Linda Mitry, Deputy Secretary.

#### UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION

Tax Deduction for Manufacturing Activities Under the American Jobs Creation Act of 2004 Docket No. EL05-109-000

#### ERRATA NOTICE

(July 6, 2005)

On June 2, 2005, the Commission issued a Guidance Order<sup>1</sup> on the Tax Deduction for Manufacturing Activities under the American Jobs Creation Act of 2004.<sup>2</sup>

The last sentence of paragraph number 2 is revised as follows: 1) the phrase "equivalent of reducing" is replaced by the phrase "9 percent of qualified production activity income and could reduce," and 2) the phrase "from 35 percent to 32 percent" is eliminated.

By direction of the Commission.

Magalie R. Salas Secretary

<sup>&</sup>lt;sup>1</sup>111 FERC ¶ 61,351 (2005) (June 2 Order).

<sup>&</sup>lt;sup>2</sup> Pub. L. No. 108-357, 118 Stat. 1418 (2004) (adding additional section 199 to the Internal Revenue Code, 26 U.S.C. § 1 *et seq.* (2000)).

#### FASB STAFF POSITION

No. FAS 109-1

Title: Application of FASB Statement No. 109, Accounting for Income Taxes, to the Tax Deduction on Qualified Production Activities Provided by the American Jobs Creation Act of 2004

Date Posted: December 21, 2004

1. The Board directed the FASB staff to issue this FASB Staff Position (FSP) that provides guidance on the application of FASB Statement No. 109, *Accounting for Income Taxes*, to the provision within the American Jobs Creation Act of 2004 (the Act) that provides a tax deduction on qualified production activities.<sup>1</sup>

#### **Background and Issue**

2. On October 22, 2004, the Act was signed into law by the President. This Act includes a tax deduction of up to 9 percent (when fully phased-in) of the lesser of (a) "qualified production activities income," as defined in the Act, or (b) taxable income (after the deduction for the utilization of any net operating loss carryforwards). This tax deduction is limited to 50 percent of W-2 wages paid by the taxpayer.

3. As a result of the Act, an issue has arisen as to whether that deduction should be accounted for as a special deduction or a tax rate reduction under Statement 109.

#### **FASB Staff Position**

4. The FASB staff believes that the qualified production activities deduction's characteristics are similar to special deductions illustrated in paragraph 231 of Statement 109 because the qualified production activities deduction is contingent upon the future performance of specific activities, including the level of wages. Accordingly, the FASB staff believes that the deduction should be accounted for as a special deduction in accordance with Statement 109.

5. The FASB staff also observes that the special deduction should be considered by an enterprise in (a) measuring deferred taxes when graduated tax rates are a significant factor and (b) assessing whether a valuation allowance is necessary as required by paragraph 232 of Statement 109. See Appendix A for an example of the application of paragraphs 27 and 232 of Statement 109 for the impact of the qualified production activities deduction upon enactment of the Act in 2004.

<sup>&</sup>lt;sup>1</sup> This FSP refers to and describes a provision within the Act. While those comments reflect the best efforts of the FASB staff to describe relevant aspects of the Act, this FSP shall not be considered a definitive interpretation of any provision of the Act for any purpose.

#### **Effective Date and Transition**

6. This FSP is effective upon issuance.

7. An enterprise that previously recognized the qualified production activities deduction as a tax rate reduction shall restate its financial statements in accordance with paragraph 27 of APB Opinion No. 20, *Accounting Changes*, to reflect the deduction as a special deduction as prescribed in paragraphs 231 and 232 of Statement 109, and shall provide the disclosures required by paragraph 28 of Opinion 20 and paragraph 14 of FASB Statement No. 3, *Reporting Accounting Changes in Interim Financial Statements*, if applicable. Appendix A

#### EXAMPLE OF TREATING THE QUALIFIED PRODUCTION ACTIVITIES DEDUCTION AS A SPECIAL DEDUCTION

The following example illustrates how an enterprise with a calendar year-end would apply paragraphs 27 and 232 of Statement 109 to the qualified production activities deduction at December 31, 2004.<sup>2</sup> In particular, this example illustrates the methodology used to evaluate the qualified production activities deduction's effect on determining the need for a valuation allowance on an enterprise's existing net deferred tax assets.

#### Assumed facts:

٠	Expected taxable income (excluding the qualified production activities deduction and net operating loss carryforwards) for the year	
	2005	\$21,000
٠	Expected qualified production activities income (QPAI) for the year	
	2005	\$50,000
٠	Net operating loss carryforwards at December 31, 2004, which expire	
	in 2005	\$20,000
٠	Expected W-2 wages for 2005	\$10,000
٠	Assumed statutory income tax rate	35%
٠	Qualified production activities deduction: 3% of the lesser of (1)	
	QPAI or (2) taxable income (after deducting the net operating loss	
	carryforwards). Limited to 50% of W-2 wages.	\$30

:\*\*

<sup>&</sup>lt;sup>2</sup> The example intentionally is not comprehensive (for example, it excludes state and local taxes).

#### Conclusion:

The enterprise would not recognize a valuation allowance for the net operating loss carryforwards at December 31, 2004, because expected taxable income in 2005 (after deducting the qualified production activities deduction) exceeds the net operating loss carryforwards, as presented below:

#### Analysis to compute the qualified production activities deduction

Expected taxable income (excluding the qualified production activities	
deduction and net operating loss carryforwards) for the year 2005	\$21,000
Less net operating loss carryforwards <sup>3</sup>	<u>20,000</u>
Expected taxable income (after deducting the net operating loss	
carryforwards)	\$ 1,000
Qualified production activities deduction	<u>\$30</u>

#### Analysis to determine the effect of the qualified production activities deduction on the need for a valuation allowance for deferred tax assets for the net operating loss carryforwards

Expected taxable income after deducting the qualified production activities deduction	\$20,970
Net operating loss carryforwards	20,000
Expected taxable income exceeds the net operating loss carryforwards	<u>\$ 970</u>

<sup>&</sup>lt;sup>3</sup> The Act requires that net operating loss carryforwards be deducted from taxable income in determining the qualified production activities deduction. Therefore, the qualified production activities deduction will not result in a need for a valuation allowance for an enterprise's deferred tax asset for net operating loss carryforwards. However, the staff observes that certain types of tax credit carryforwards are not deducted in determining the qualified production activities deduction and, therefore, could require a valuation allowance.

KPSC Case No. 2005-00341 KIUC First Set Data Request Dated November 10, 2005 Item No. 30 Page 1 of 1

## Kentucky Power Company

.

#### REQUEST

Refer to page 31 lines 10-17 of Mr. Wagner's Testimony. Please provide a copy of Appendix A to the Commission's Order in Case No. 99-149. It does not appear to be available on the Commission's website.

#### RESPONSE

Please see AG First Set Item No. 37.

Ĺ

KPSC Case No. 2005-00341 KIUC First Set Data Request Dated November 10, 2005 Item No. 31 Page 1 of 1

#### **Kentucky Power Company**

#### REQUEST

Refer to page 31 lines 10-17 of Mr. Wagner's Testimony. Please provide a schedule from Year 1 through the termination of the merger surcredit showing the annual merger costs and/or amortization, gross merger savings, and the computation of the annual shareholder savings and ratepayer merger surcredit.

#### RESPONSE

Attachment A, page 1, to the KPSC's Order Dated June 14, 1999 provides a schedule from year 1 through the termination of the merger credit of the annual net merger savings. Attachment B, page 1 of 3 shows both the Change in Control and the Cost to Achieve annual amortization expense. The gross merger savings is calculated by adding the yearly net merger savings (Attachment A page 1 of 1) to the annual costs to achieve and change in control (Attachment B page 3 of 3). The computation of the annual shareholder net savings and the ratepayer net savings is shown on Attachment B page 2 of 3. A copy of the Commission's June 14, 1999 Order in Case No. 1999-149 is attached to the Company's response to the AG 1st Set Item No. 37.

KPSC Case No. 2005-00341 KIUC First Set Data Request Dated November 10, 2005 Item No. 32 Page 1 of 1

## **Kentucky Power Company**

#### REQUEST

Refer to page 34 lines 1-5 of Mr. Wagner's Testimony. Please provide a ten-year history of storm damage reserve activity through June 2005, providing for each month, the beginning balance, the monthly accruals, the monthly payments, and the ending balance.

#### RESPONSE

The Company expenses storm damage as it is incurred.

KPSC Case No. 2005-00341 KIUC First Set Data Request Dated November 10, 2005 Item No. 34 Page 1 of 122

## **Kentucky Power Company**

## REQUEST

Provide the Company's forward price curves (future market price projections) for off-system sales as of June 30, 2004, September 30, 2004, December 31, 2004, March 31, 2005 June 30, 2005 and September 30, 2005. The forward price curves as of these dates should be provided for all projected periods for which they are developed or otherwise obtained. Provide all assumptions underlying these forward price curves including, but not limited to natural gas prices.

## RESPONSE

## CONFIDENTIAL

The requested information is considered confidential and the Company has requested confidential treatment in the form of a Motion for Confidential Treatment.

WITNESS: Robert Bradish
