RE: Case No. 2005-00341
Filing Deficiencies - AEP

Dear Mr. Overstreet:

Commission staff has reviewed your application in the above case. This filing is rejected pursuant to 807 KAR 5:001, Section 2, for the reason set forth below. This item is either required to be filed with the application or to be referenced in the application if it is already on file in another case.

1. 807 KAR 5:001: Section 10(3)(a) The amount of the change requested in both dollar amounts and percentage change for each customer classification to which the proposed rate change will apply. (NOTE: The percentages were missing in your application and this is what is needed.)

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If your filing contains a proposed effective date, the rejection of your filing for reasons of deficiencies voids that proposed effective date. When you file the required information to correct the deficiencies, you may refile your proposed tariff with a new proposed effective date that is at least 30 days from the date you file the required information.

Please file 10 copies of this information within 15 days of this letter. If you need further assistance, please contact Isaac Scott at (502) 564-3940, extension 444.

Sincerely,

Michael F. Burford
Director
Division of Filings
