Dear,

Mr. Mark Goss,

I'm writing this letter concerning the rate increase for Ky. power or AEP in February this is terrible for the low income families

I am one of those I not only speak for me but there a lot more people like that get far less than a thousand dollars a month. That is nothing when it comes to paying bills and buying groceries.

The elected officials have picked at the poor until there are nothing left for them that includes me. So please stop this in its tracks if possible.

Thank you very much

Ms Jackell

P.S. I worked as long as I could I am now disabled.
