Re: PSC Case No. 2005-00341

Dear Representative Pullin:

Thank you very much for your letter of October 19, 2005 regarding AEPs rate case. As I'm sure you understand, because it is a pending matter before the Public Service Commission I cannot comment in any respect on any substantive aspect of the case.

However, I want you to know how much I appreciate the fact that you would take the time to write the Commission on behalf of your constituents and remind us of the importance of this case to them.

I can assure you that the Commission will attempt to ask for all information and data relevant to the issues in this case and will try to issue a decision that adequately balances the need of the utility for rates sufficient to continue to provide reliable service to its customers and, at the same time, allow recovery of rates that are fair, just and reasonable to its rate payers.

Sincerely yours,

Mark David Goss
