ORDER

Cumberland County Water District ("Cumberland District") has applied to the Commission for authority to issue certain securities in the approximate principal amount of \$107,000 in order to finance the acquisition of a backhoe and other miscellaneous equipment. In its filing, Cumberland District requested permission to deviate from certain filing requirements of Administrative Regulation 807 KAR 5:001, Section 6.

Administrative Regulation 807 KAR 5:001, Section 6, requires the submission of a detailed financial exhibit for the period ending not more than 90 days prior to the date of the application. In support of its request for permission to deviate from this requirement, Cumberland District states that its most recent financial exhibits are for the period ending December 31, 2004 and that those exhibits are in its 2004 Annual Report on file with the Commission. In addition, Cumberland District states that there has been no material change in the financial condition or operation of the District since December 31, 2004.

Administrative Regulation 807 KAR 5:001, Section 14, provides the Commission with the authority to permit deviations from its regulations for good cause shown.

Having reviewed the filing and being otherwise sufficiently advised, the Commission finds that good cause exists to grant the requested deviation and that Cumberland District's 2004 financial exhibits already on file with the Commission are sufficient to enable the Commission to review adequately the application.

IT IS THEREFORE ORDERED that Cumberland District's request for permission to deviate from the filing requirements of Administrative Regulation 807 KAR 5:001, Section 6, is granted.

Done at Frankfort, Kentucky, this 18th day of October, 2005.
