RE:Case Nos. 2005-00467 and 2005-00472

Public Service Commission

RECEIVED

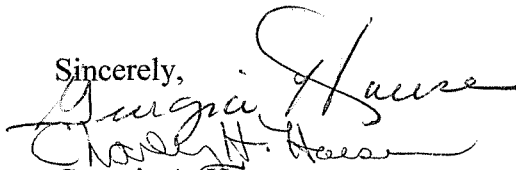

MAR 23 2006

PUBLIC SERVICE  
COMMISSION

To all parties of record,

We are in opposition of the above proposals. We own a farm in Hardin County located at 1399 Harris School Road, Rineyville, Ky 40162. This is a working farm. This land was purchased in 1972 for the explicit purpose of farming and has been in continuous operation as a farm since that time. My son and I live on this farm with separate housing. The proposed site of the utilities runs through our alfalfa field, this would ruin the field. We depend on the alfalfa to feed our cattle. It will also run through one of our largest fields that house our cattle. To lose the use of these two fields would cause us not only financial harm, but emotional harm as well. When my husband and I purchased this farm we intended to live out our lives on this farm. My husband passed away in 2003. We established a family cemetery on the farm, my husband is buried there. I plan to be buried there and so do most of my children. The proposed utility run along the edge of the cemetery. In this day and age when the family farms are being sold to subdivide and build new housing, we are trying to keep our farm a "farm". Again as I stated in the first line of this letter, WE ARE IN OPPOSITION of the proposed utility construction .

Sincerely,

Georgia A. House

Charley H. House
