Re: Case #2006-00028
Su: Letter Division of Filings 6/11/07

Dear Mr. Burford,

Farmdale Development Corporation thanks the Commission for the reminder letter as to the "Stipulations and Agreement" in this case.

Farmdale responds as follows:

April 30, 2007 Report:

There has been no onsite activity on scheduled repairs and improvements.

May 31, 2007 Report:

There has been no onsite activity on scheduled repairs and improvements.

June 30, 2007 Report:

There will be no onsite activity this month on the scheduled repairs and improvements.

Farmdale does report that during this same period it is preparing the necessary records and documentation for its next submission to the Public Service Commission.

Farmdale as instructed has pursued and secured the necessary financing to allow us to proceed with the proposed improvements. This loan is to close this month.

Farmdale is reviewing all of the proposals as to current prices, deliveries and work schedules. The new rate and surcharge were placed in effect the month of May. These funds are collected in June and transmitted by Farmdale Water District to Farmdale the first week of July.

Assuming all of these things take place as planned, we should have activity to report in July.

We trust this properly answers the letter of 6/11/07. If there is any additional information needed, please call our office.

Thanks.

Sincerely,

Farmdale Development Corporation
