Reference: White Plains Natural Gas System  
Case # 2006-00046

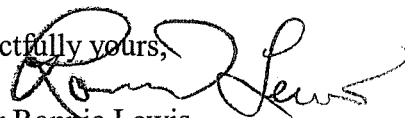

Dear Mrs. O'Donnell,

This letter is a follow up on the violations we received on the above case. There were seven (7) violations that were issued. On February 28<sup>th</sup> there was a conference call with your Staff Attorney, J. R. Gott and other office staff members. At that time we went over the violations and it was decided we had satisfied the requirements for five of the violations. The other two violations were for : Not having a drug plan in place and also not having a public education program. We contacted Roger Wingate a few days after the meeting and hired him to help us with the programs so they are now in place. Our operator, David Crick, has been qualified in 3 more areas since the phone conference. Mr. Wingate is also helping David with his qualification requirements. David will be attending more classes on April 11<sup>th</sup> & 12<sup>th</sup> at Dale Hollow State Resort Park. We have signed the settlement agreement and returned it to your office. On March 20<sup>th</sup> we mailed a certified check for \$500.00 for the fine that was imposed.

I think we have complied with all the issues concerning this case. We will in the future maintain accurate and up to date records, comply with state requirements, hire only individual's certified to operate a natural gas system and keep current on any new procedures.

We certainly thank you and your staff for working with us to resolve this issue. If I have missed something please let me know and I will do what it takes to correct.

Respectfully yours,

  
Mayor Ronnie Lewis
