PUBLIC SERVICE
 COMMISSION

Dear Sirs:

I am writing you concerning the Request of Interstate Natural Gas of 134 Menis Branch, Fikesville, Ky 41501, who has made request for a rate increase from 5.50 Mcf to 14.44 Mcf. This would cause a rate increase of about \$66.16 per mo.

This is an outrageous argument. These people only have about 25 houses on this line and we are paying about \$120⁰⁰ per mo. average. They do not want to sell us gas, they want to sell it all to commercial customers. If you allow this rate increase, many of us who are on this line, will have to go to another form of heating.

I urgently ask you to deny this outrageous request.

These people are draining the
gas off our property without
paying more royalties and are
making big profits off poor people.

Thank you
