RE:Case NO. 2006-00146

Dear Ms. O'Donnell:

The purpose of this letter is in response to John E. Selent letter to you dated July 21, 2006. I object to this letter, I don't see not one word of truth in this letter. I don't know where this man got his law degree, must have been from a Sears and Roebuck catalog, because I don't think this man knows how to read or write. Especially the comment made about my comments not being legal. Where does he come from? All my comments are legal, theres a new thing called FREEDOM OF SPEECH, maybe he has never heard of it.

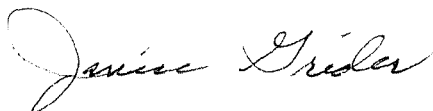

And since he can't read or write, I'm going to draw him a picture. Find enclosed a copy of his map where he is going to put that 240 ft. tower, and you will find where I am going to put my new house. I have already spent \$750. to get the BLUEPRINTS drawn up.

I would appreciate your rejection to this 240 ft. cellular tower right on the borderlinne of my property.

Furthermore, this is my SECOND REQUEST FOR A HEARING REGARDING THIS MATTER.

Awaiting your reply, I remain.

Yours truly,

Janice Grider

Re: Application of Cumberland Cellular Partnership for Issuance of a Certificate of Public Convenience and Necessity to Construct a Cell Site (Sycamore Flats) in Rural Service Area #5 (Russell County) Case No. 2006-00146

Dear Ms. O'Donnell:

The purpose of this letter is to respond to Ms. Janice Grider's letters, dated July 8, 2006 and July 17, 2006, which were addressed to the Public Service Commission of the Commonwealth of Kentucky (the "Commission"). The letters expressed Ms. Grider's concerns about the proposed construction of a cell tower to be located at 728 Damron Creek Spur, Russell Springs, Kentucky 42642.

Our client, Cumberland Cellular Partnership, which is managed by Bluegrass Cellular Inc. ("Bluegrass Cellular") understands Ms. Grider's concerns, generally, to be: (1) lack of notice of the proposed construction of the cell tower; (2) whether the proposed construction of the cell tower would decrease the value of her property that is identified as Parcel L, Lot 39 on the attached map (Exhibit 1); and (3) whether any health-related issues, attributable to the proximity of the tower to her home, exist.

(1)

On July 14, 2006, Bluegrass Cellular provided Ms. Grider with notice of the proposed construction of the cell tower, in compliance with 807 KAR 5:063, Section 1, Subsections (l) and (m). Ms. Grider was served with notice on July 15, 2006. Thus, she was properly informed of the proposed construction of the cell tower.
