Re: Case No. 2006-00149

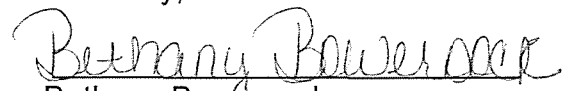

Dear Ms. Dougherty:

I am very pleased to inform you that all problems between SouthEast Telephone and Carter County E-911 have been solved. SouthEast now has a system in place that is NENA compliant and working smoothly with the E-911 systems of both Alltel and all county E-911 systems within the Alltel territory. Carter County has manually checked each of SouthEast's records to ensure accuracy and everything is correct. SouthEast has also manually checked and verified its customer information for at least 12 customers in the Carter County area.

I spoke with Mr. Thompson this morning and he agrees that all problems that have arisen between our systems have been corrected and everything is running smoothly. He also agrees that any problems that may arise in the future are capable of being handled by the parties involved. Therefore, SouthEast respectfully requests that the case at bar be dismissed in its entirety.

Thank you for your cooperation and understanding in this matter. If you have any further questions or concerns feel free to contact me.

Sincerely,

Bethany Bowersock
