Mr. Baxter:

The only other available days are September 13 and October 30. The Commissioners' schedule for the remaining portion of 2007 is completely booked and does not allow for them to hear the case on a different date.

Other dates may be available if the Commission's Hearing Examiner presides over the hearing. Please note that Commissioners consider the issues of great significance and have determined that they should preside at the hearing and hear the evidence as it is presented. Therefore, even if the parties are agreeable to the use of a hearing officer, the Commissioners may not be.

Please also note that the Commissioners have not addressed Henry District's Motion and have not decided that adequate grounds exist to change the present hearing date. The inability to obtain another date for a hearing may bear upon their decision regarding the motion.

Okay (as I am going through my e-mails).

August 29th is out.

If the Commission changes the hearing date, a representative of the Attorney General's Office will be present at the hearing.

Nonetheless, I anticipate being out of the Office on October 30th, so this date is out for me. And, although September 13th is on the eve of the informal conference for the Kentucky-American Water Company rate case (PSC Case No. 2007-00143), September 13th is otherwise available.

Regards,

David

Gentlemen:

I will advise the Commission's Scheduler that 13 September 2007 is acceptable to the parties. Since Henry District No. 2's motion made no reference to changing the other deadlines in the last procedural order, the issue of amending the deadline for filing testimony is not before Commission and should not be expected to be addressed in the Commission's Order.

If either of the parties wishes to move for an extension of the filing deadlines, I suggest the movant address why a modification to the deadline is required since both parties have been permitted over 60 days by since the issuance of the last procedural schedule to develop their written testimony.
