Main Case File - Case No. 2006-00208

FROM: Isaac Scott, Team Leader

**DATE:** October 24, 2006

**SUBJECT:** October 12, 2006 Informal Conference

Pursuant to the September 29, 2006 Orders in these cases, an informal conference was held on October 12, 2006. Attached to this memorandum as Attachment 1 is a list of the participants. The purpose of the conference was to discuss procedural matters and other issues in the cases.

Kentucky Utilities Company ("KU") and Louisville Gas and Electric Company ("LG&E") provided a handout that presented an overview of the applications and copies of the proposed tariff sheets and the monthly environmental surcharge filings. A copy of the handout is attached to this memorandum as Attachment 2, while a copy of the tariff sheets and monthly filings is attached as Attachment 3.

KU and LG&E went over the material outlined in the handout and offered to answer any questions the Intervenors or Commission Staff had. The Kentucky Industrial Utility Customers, Inc. asked several questions concerning the Trimble County Unit 2 construction and general operations. There also was a brief discussion concerning the need to control the emission of sulfur trioxides.

KU and LG&E indicated that one of their witnesses, Sharon L. Dodson, would not be available for the hearing and that Gary H. Revlett would be adopting her testimony. KU and LG&E asked if they could be notified prior to the November 8, 2006 hearing if any of their witnesses would not need to appear. Commission Staff indicated that it would try to accommodate this request. The conference was then adjourned.
