Gentlemen:

Given Commission Staff's inability to contact Mr. Spenard to arrange a telephone conference call and given the continued uncertainty over the effect of Judge Shepard's recent decisions on surcharges, Commission Staff has recommended to the Commission that the hearing be postponed. I expected an order to this effect to be issued on Monday.

Please advise as to the times next week that you can participate in a telephone conference call to discuss the effect of Judge Shepard's ruling on this case and further procedural actions in this case.

Please be advised that Commission Staff is preparing a list of issues and concerns that the parties may wish to discuss before any scheduled hearing in an effort to resolve the outstanding issues related to the water extension methodology that NKWD current employs. I hope to complete this list within the next week.
