Dear Mr. Wakim, Case No. 2006-00323

I am writing this letter to ask for deviation from having a CPR for our utility, LoveLaceville Water. Our utility is made up of only 2 people, Paul, my husband and my self. I've always had CPR for my other job but no longer have to have it.

It is our hope you will grant us deviation from this regulation

Sincerely,

Mrs Barbara McGowan
