RE: Application of Kentucky RSA #3 Cellular General Partnership for issuance of a Certificate of Public Convenience and Necessity to Construct a Cell Site (LOGAN SOUTH), in Rural Service Area #3 (LOGAN) of the Commonwealth of Kentucky, Case No. 2006-00383

Dear Ms. Allen:

The purpose of this letter is to respond to your letter which was filed with the Public Service Commission of the Commonwealth of Kentucky (the "Commission") on September 5, 2006 in the above referenced matter. Your letter identifies three (3) concerns about the proposed construction of a cell tower to be located at 75 Halls Store Road, Russellville, Kentucky, 42276.

Our client, Kentucky RSA #3 Cellular General Partnership, which is managed by Bluegrass Cellular Inc. ("Bluegrass Cellular"), understands your concerns, generally, to be: (1) the date by which the proposed tower will be constructed and operational; (2) the exact location of the tower on the real property where the cell site is to be located; and (3) whether there will be any vehicular and/or foot traffic in and out of the proposed cell site.

(1)

Upon approval of Bluegrass Cellular's application for a certificate of public convenience and necessity before the Kentucky Public Service Commission, the tower will be constructed and operational by the end of this year, 2006, or the first part of January, 2007.

(2)

As depicted on the attached map, the proposed tower will be constructed on the northwest portion of the property that is owned by J.D. Perdue, Jr.

1400 PNC Plaza, 500 West Jefferson Street Louisville, KY 40202
502.540.2300 502.585.2207 fax www.dinslaw.com

Page 2

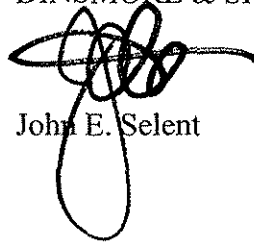

(3)

During the construction process of the proposed tower, there will be vehicular and foot traffic at the proposed cell site. Thereafter, vehicular and foot traffic to and from the cell site will generally consist of one maintenance visit per month, or less.

Thank you and if you any further questions, please call me toll free at (888)-585-7003.

Very truly yours,

DINSMORE & SHOHL LLP
