FIRST DATA REQUEST OF COMMISSION STAFF  
TO COURT OF THREE SISTERS CORPORATION

Court of Three Sisters, Inc. ("Three Sisters"), pursuant to 807 KAR 5:001, is to file with the Commission the original and 4 copies of the following information, with a copy to all parties of record. The information requested herein is due on or before December 7, 2006. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to ensure that it is legible.

1. Provide a map showing the plan of the potential 24-inch catch basin crossing the 6-inch gas pipeline and including the location and the depth of the proposed drainage system and the method of crossing the gas pipeline.

2. Is Three Sisters proposing that the 6-inch gas pipeline be relocated or buried to the proper depth to accommodate the location of the proposed drainage system?

3. Provide the location and the length of the 6-inch gas pipeline where Three Sisters alleges it is buried 6 inches below the surface.

4. Refer to Natural Energy Utility Corporation's ("NEUC") October 27, 2006 answer to the complaint of Three Sisters. Does Three Sisters have any evidence that the gas pipeline in question is not installed to the depth indicated by NEUC, as supported by the photographs NEUC filed with its answer? If so, provide all such evidence and explain.

Beth O'Donnell  
Executive Director  
Public Service Commission
