Re Application for transfer of ownership

Sir,

Case No. 2006-00 548

As the licensed operator of W&W Service, my duties are to make sure the discharge from our facility is within the parameters of EPA. I was not aware when I purchased W&W you are a different Department within the Bureau of Natural Services and required separate notification of the transfer.

I, Glenn Ridings, by affirmation do intend to own operate, and manage to the best of my ability the services required by W&W Service Co. I shall need immediate help with the financial aspect. The rates now allowed will not sustain proper maintenance. The systems rates are far below all other operations of the same size. Mr. Rice has inspected W&W facility several times and can relate to improvements already made and our plans for more in the future. We all need to work together to better serve our customers.

I am a chemical operator at a plant in Calvert City for 17 years, past president and treasurer of the Hendron Lions Club, a volunteer fireman, and am on the Hazmat One response team of Western Ky.

Please contact me at the above address if you need any more information.

Sincerely,

Glenn Ridings
