MOTION FOR CONTINUANCE

B.T.U. Gas Company, Inc. met with staff and representatives of the PSC in an informal conference on July 17, 2008. At that time a list of documents was outlined that BTU would develop. To date BTU has been able to produce and file only a list of all current BTU customers and their addresses and a written contract between BTU and P&J Resources. After the time of the informal conference on July 17, 2008, Pam and Richard Williams, the individuals in charge of producing the documents requested by the PSC experienced the death of their son. Due to this untimely event they have not been able to devote the necessary time to this work.

For this reason BTU is requesting a thirty day extension to further respond to the document requests from the informal conference on July 17, 2008.
