

007-00134,

lieve that Kentucky American Water's proposed
13 on the Kentucky River to Newtown Pike in Fayette
cost solution to the water needs of Central Kentucky.
not believe that a private for-profit company should
from the destruction of my property or my neighbor's

is of Central Kentucky deserve a long-term solution to
Utilization of a larger water body, such as the Ohio
g existing utility corridors makes the most sense
environmentally, and aesthetically.
