

Citizens for Alternative Water Solutions

21 November 2007

RECEIVED
NOV 21 2007
PUBLIC SERVICE
COMMISSION

Kentucky Public Service Commission
211 Sower Blvd.
Frankfort, KY 40601

To the Members of Commission:

Over the past year, Citizens for Alternative Water Solutions members have collected the names on the attached petition, which opposes Kentucky American Water Company's proposal to build a water treatment facility on the Kentucky River at Monterey and a pipeline from there to Lexington.

Please make these documents a part of the record of Case # 2007-00134.

Respectfully yours,

Penny Greathouse

PUBLIC AFFAIRS

We, the undersigned concerned citizens that would be impacted by Kentucky American Water's proposed 42" pipeline to bring water from Pool 3 on the Kentucky River to Lexington, oppose the construction of this pipeline and the harm that it would cause to the communities and environment along the route. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

We, the undersigned concerned citizens that would be impacted by Kentucky American Water's proposed 42" pipeline to bring water from Pool 3 on the Kentucky River to Lexington, oppose the construction of this pipeline and the harm that it would cause to the communities and environment along the route. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

1622 Moores Mill Rd, Midway, KY 40347

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

Concerning the KY-AM Water Co.'s proposed treatment plant and 42" pipeline to bring water from Pool 3 on the KY River to Lexington

Due to the EXCESSIVE COST, ineffective drought solution and damage to the environment along the route, we, the undersigned concerned citizens oppose the construction of this pipeline. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

We, the undersigned concerned citizens that would be impacted by Kentucky American Water's proposed 42" pipeline to bring water from Pool 3 on the Kentucky River to Lexington, oppose the construction of this pipeline and the harm that it would cause to the communities and environment along the route. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.

We, the undersigned concerned citizens that would be impacted by Kentucky American Water's proposed 42" pipeline to bring water from Pool 3 on the Kentucky River to Lexington, oppose the construction of this pipeline and the harm that it would cause to the communities and environment along the route. We call on Kentucky American Water to cancel their plans to build this pipeline and ask our elected officials to join us in opposing this project.
