

ing Case 2007-00134,

I do not believe that Kentucky American Water's proposed
e from Pool 3 on the Kentucky River to Newtown Pike in Fayette
is the least cost solution to the water needs of Central Kentucky.
more, I do not believe that a private for-profit company should
financially from the destruction of my property or my neighbor's
y.

The citizens of Central Kentucky deserve a long-term solution to
ater needs. Utilization of a larger water body, such as the Ohio
piped along existing utility corridors makes the most sense
nically, environmentally, and aesthetically.

onal comments: Central Ky is developed
ough already and needs
nservation not further expansion
