RE: CASE 2007-00134

Commissioners:

Please vote for the Louisville Water Company (LWC) proposal to supplement the future water needs of Lexington and surrounding Bluegrass Communities.

The technical and economic evidence presented to you clearly indicate the long term financial advantages of utilizing Ohio River water provided through the LWC system.

Common sense should prevail thus keeping more investment funds and operating income in the Kentucky Community.

Thank you for considering this appeal.

Sincerely yours,

Robert E. Fox
