

-00134,

that Kentucky American Water's proposed  
in the Kentucky River to Newtown Pike in Fayette  
t solution to the water needs of Central Kentucky.  
believe that a private for-profit company should  
in the destruction of my property or my neighbor's

Central Kentucky deserve a long-term solution to  
lization of a larger water body, such as the Ohio  
sting utility corridors makes the most sense  
mentally, and aesthetically.
