

at Kentucky American Water's proposed  
the Kentucky River to Newtown Pike in Fayette  
solution to the water needs of Central Kentucky.  
even that a private for-profit company should  
the destruction of my property or my neighbor's

Central Kentucky deserve a long-term solution to  
the creation of a larger water body, such as the Ohio  
the utility corridors makes the most sense  
economically, and aesthetically.

Please do not approve this request  
for this pipeline. It makes no  
sense to me. Thank you.
