Dear Public Service Commission:

(Case No. 2007-00134)

Kentucky American Water's proposal is designed to boost its market sale on the New York Stock Exchange, plain and simple. Kentucky American's owner, the German utility giant RWE, could care less about its water customers in Kentucky.

Deciding to allow Kentucky American Water to build its pipeline is ultimately deciding to benefit RWE shareholders, not Kentucky water users.

Let's do better than that, Kentucky.

Cordially,

Erny Brad Rowe
