I do not believe that Kentucky American Water's proposed
from Pool 3 on the Kentucky River to Newtown Pike in Fayette
is the least cost solution to the water needs of Central Kentucky
more, I do not believe that a private for-profit company should
financially from the destruction of my property or my neighbor's

The citizens of Central Kentucky deserve a long-term solution to
water needs. Utilization of a larger water body, such as the Ohio
River along existing utility corridors makes the most sense
economically, environmentally, and aesthetically.

Additional comments: THIS SHOULD BE A NO-BRAINER.
SPEND THE MONEY AND YOU WILL SEE WHY
IT IS NOT.
