

0134,

hat Kentucky American Water's proposed  
the Kentucky River to Newtown Pike in Fayette  
solution to the water needs of Central Kentucky  
lieve that a private for-profit company should  
the destruction of my property or my neighbor's

entral Kentucky deserve a long-term solution to  
ation of a larger water body, such as the Ohio  
ng utility corridors makes the most sense  
entally, and aesthetically.

I hope the PSC drives along  
pipeline route so they can fully  
out of the area. A pipeline will destroy  
Landson it.
