

Case 2007-00134,

RECEIVED
DEC 20 07
PUBLIC UTILITIES
COMMISSION

I do not believe that Kentucky American Water's proposed Pool 3 on the Kentucky River to Newtown Pike in Fayette is the least cost solution to the water needs of Central Kentucky. I do not believe that a private for-profit company should be responsible for the destruction of my property or my neighbor's.

Citizens of Central Kentucky deserve a long-term solution to their water needs. Utilization of a larger water body, such as the Ohio River, through long existing utility corridors makes the most sense environmentally, and aesthetically.
