Re: **Nebo Water District - Case No. 2007-00015**

Dear Ms. O'Donnell:

We are writing this letter in response to your deficiencies letter of January 11, 2007.

807 KAR 5:001: Section 11(1)(b) - the proposed indebtedness is being secured by a pledge of the revenues of the District's waterworks system.

807 KAR 5:001: Section 11(2)(c) - no property is being acquired in connection with the project as the project involves the repair and repainting of the City tank and the rainwater tank.

Pursuant to your request, we are attaching the bid tabulations of the consultant, Wet or Dry, Campbellsburg, Kentucky. The 630 tank work was deleted from the bid.

The cost of the project (approximately \$170,000 - contractor's bid plus consultant's fee) necessitated that the District borrow funds to finance said project. The District did not want to deplete their emergency cash reserves. The tank repairs and repainting are being done at the request of the Public Service Commission.

Sincerely,

Rubin & Hays
