KENTUCKY TURNPIKE WATER DISTRICT - DIVISION II  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEARS ENDED DECEMBER 31, 1999 AND 1998

NOTE A - BACKGROUND AND SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The accounting policies of the Kentucky Turnpike Water District - Division II (the District) conform to generally accepted accounting principles for water utilities. Although the District is not subject to regulation, the accounts are maintained in accordance with the uniform system of accounts prescribed by the National Association of Regulatory Utility Commissioners, except with respect to the treatment of gains and losses from the retirement or disposition of fixed assets as opposed to the transfer of cost to accumulated depreciation as provided by the National Association of Regulatory Commissioners.

Utility Plant

Utility plant is stated at cost of acquisition or construction, including certain indirect costs. The District applies the straight-line method of depreciation to the estimated useful lives of the various classes of depreciable property. Estimated useful lives of the significant categories of assets are:

	<u>Years</u>
Buildings	40
Pipelines	40
Services	40
Meters	15-40
Equipment	5
Trucks and Autos	5

Revenue

Revenue is recognized in the period in which billings are rendered to consumers, based on meter reading cycles. Bi-monthly billings were implemented beginning for the year ended December 31, 1996. The District accrues revenue for water delivered but not billed for December because the bi-monthly billings do not coincide with year-ends. The December accrual is estimated based on January bi-monthly billings.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Money Market Fund

At December 31, 1999 the District has \$426,580 in a money market fund, representing proceeds from a PNC Bank revenue bond anticipation note. The funds are temporarily invested in the Compass Capital U.S. Treasury mutual fund at PNC Bank until needed for special projects (i.e., extensions of water lines).

KENTUCKY TURNPIKE WATER DISTRICT - DIVISION II  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
FOR THE YEARS ENDED DECEMBER 31, 1999 AND 1998

NOTE A - BACKGROUND AND SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Accounts Receivable and Bad Debts

The District makes direct write-offs against income when specific accounts are determined to be uncollectible. In the opinion of management, the balance of trade accounts receivable at the balance sheet date is collectible.

Notes Receivable

The District advanced connection fees to customers during prior years and provided financing of these fees over a five-year period with interest of 6% included. The District has discontinued financing of connection fees. As of December 31, 1999, there were no notes receivable outstanding.

Special Funds

Special funds are cash accounts maintained in the District's name, but not available for operations as the funds are held in trust to pay loans to the Kentucky Infrastructure Authority (see Note F). The fund earns interest semi-annually based upon the average U.S. Treasury rates. The funds, called Debt Service Reserve, are intended to provide funds for paying off KIA debt, including the Deferred Loan.

Inventories

Inventories consist primarily of supplies of materials and are stated at the lower of cost (First-in, First-out) or market value.

Unamortized Debt Cost/Discount

Discounts realized on long-term debt are being amortized on the straight-line basis over the life of the related bonds (see Note D). These bonds were refinanced in 1995. Loan costs incurred in refinancing the bonds during 1995 were capitalized. These costs are being amortized over the life of the note. Total costs expensed for 1999 was \$6,565.

Statement of Cash Flows

Cash paid for interest during 1999 and 1998 amounted to \$119,244 and \$127,808, respectively.

NOTE B - CONCENTRATION OF CREDIT RISK

Bank balances are insured by the Federal Deposit Insurance Corporation (FDIC), up to \$100,000 for each bank with which the Company has accounts. At December 31, 1999, the District had two bank balances (including outstanding checks) exceeding individual FDIC insurance by \$344,965 and \$308,958, respectively. As required under Kentucky law, the banks have secured the uninsured portion of balances with bank funds.

The deferred loan from the KIA (\$275,477) is due June 2008 with interest accrued at 7% per year. This loan is secured by special funds held in trust by KIA and included with the District's assets (see Note A). The original loan was for principal and interest payments due in prior years for the KIA bonds.

KENTUCKY TURNPIKE WATER DISTRICT - DIVISION II  
NOTES TO THE FINANCIAL STATEMENTS CONTINUED  
FOR THE YEARS ENDED DECEMBER 31, 1999 AND 1998

NOTE D - LONG-TERM DEBT (CONT.)

The PNC Bank revenue bond anticipation note (\$1,467,750) series of 1997, was dated November 21, 1997. Semiannual payments are due in May and November 1998 and May 1999, with the balance due November 1999. The interest rate is 57.5% of the prime rate at PNC Bank. Currently the PNC prime rate is 8.25%, resulting in a rate of 4.74% for the Kentucky Turnpike Water District note.

Maturities of long-term debt are as follows:

2000	\$ 1,532,760
2001	\$ 65,430
2002	\$ 65,430
2003	\$ 65,430
2004	\$ 65,430
Thereafter	<u>\$ 618,887</u>
	<u>\$ 2,413,367</u>

NOTE E - CUSTOMER ADVANCES FOR CONSTRUCTION

The District required customers to make a deposit for the cost of construction of pipelines and special services. These advances are refundable, within certain time limits up to ten years, under the terms of the various contracts. These accounts reflect the liability for probable refunds of these construction advances at some future date. When the refund period has expired, any balance is transferred to Contributions in Aid of Construction.

NOTE F - CONTRIBUTIONS IN AID OF CONSTRUCTION

Contributions in aid of construction represent the amounts received from customers and developers for the construction of pipelines, services and meters. The increase in this account totaled \$224,018 and \$348,110 in 1999 and 1998, respectively.

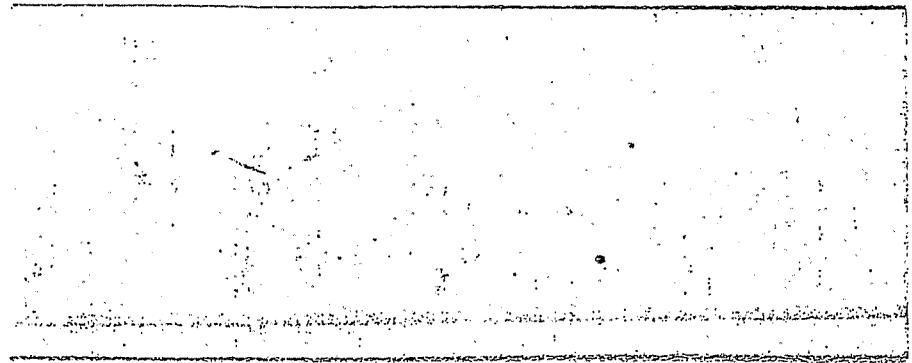

NOTE G - REPAYMENT OF CUSTOMER PARTICIPATION FEES

On September 1, 1999, the Kentucky Public Service Commission ordered the District to show cause why it should not be required to refund all customer participation fees collected from customers who connected to the Cedar Grove Road Transmission Main. The amount of fees collected which the Commission ordered to be refunded amounts to \$188,700. The District appealed the Commission's order, however, in March 2000, the appeal was withdrawn and the District has agreed to repay the fees to the affected customers in 2000. The refunds have no effect on the net income of the District and will reduce Contributions in Aid of Construction in the fund balances section of the balance sheet.

NOTE H - MERGER AGREEMENT WITH LOUISVILLE WATER COMPANY

On March 1, 2000, the District entered into an agreement to merge the operations of the District with Louisville Water Company. Under the agreement, which is to take place on July 1, 2000, Louisville Water Company will acquire all of the assets of the District. In exchange for the assets, Louisville Water Company agrees to invest \$4,000,000 in improvements and new water lines in Bullitt County, Kentucky and will assume all indebtedness of the District. Other proposed provisions include an equalization of rates charged to customers in Bullitt County with those in Jefferson County, Kentucky over the next ten years. The merger agreement is subject to approval by the Kentucky Public Service Commission. No hearing date has been set for by the Commission as of the date of this audit report.

FOR THE YEARS ENDED DECEMBER 31, 1999 AND 1998

NOTE D - LONG-TERM DEBT (CONT.)

The PNC Bank revenue bond anticipation note (\$1,467,750) series of 1997, was dated November 21, 1997. Semiannual payments are due in May and November 1998 and May 1999, with the balance due November 1999. The interest rate is 57.5% of the prime rate at PNC Bank. Currently the PNC prime rate is 8.25%, resulting in a rate of 4.74% for the Kentucky Turnpike Water District note.

Maturities of long-term debt are as follows:

2000	\$ 1,532,760
2001	\$ 65,430
2002	\$ 65,430
2003	\$ 65,430
2004	\$ 65,430
Thereafter	<u>\$ 618,887</u>
	<u>\$ 2,413,367</u>

NOTE E - CUSTOMER ADVANCES FOR CONSTRUCTION

The District required customers to make a deposit for the cost of construction of pipelines and special services. These advances are refundable, within certain time limits up to ten years, under the terms of the various contracts. These accounts reflect the liability for probable refunds of these construction advances at some future date. When the refund period has expired, any balance is transferred to Contributions in Aid of Construction.

NOTE F - CONTRIBUTIONS IN AID OF CONSTRUCTION

Contributions in aid of construction represent the amounts received from customers and developers for the construction of pipelines, services and meters. The increase in this account totaled \$224,018 and \$348,110 in 1999 and 1998, respectively.

NOTE G - REPAYMENT OF CUSTOMER PARTICIPATION FEES

On September 1, 1999, the Kentucky Public Service Commission ordered the District to show cause why it should not be required to refund all customer participation fees collected from customers who connected to the Cedar Grove Road Transmission Main. The amount of fees collected which the Commission ordered to be refunded amounts to \$188,700. The District appealed the Commission's order, however, in March 2000, the appeal was withdrawn and the District has agreed to repay the fees to the affected customers in 2000. The refunds have no effect on the net income of the District and will reduce Contributions in Aid of Construction in the fund balances section of the balance sheet.

KENTUCKY TURNPIKE WATER DISTRICT - DIVISION II  
NOTES TO THE FINANCIAL STATEMENTS CONTINUED  
FOR THE YEARS ENDED DECEMBER 31, 1999 AND 1998

NOTE H - MERGER AGREEMENT WITH LOUISVILLE WATER COMPANY

On March 1, 2000, the District entered into an agreement to merge the operations of the District with Louisville Water Company. Under the agreement, which is to take place on July 1, 2000, Louisville Water Company will acquire all of the assets of the District. In exchange for the assets, Louisville Water Company agrees to invest \$4,000,000 in improvements and new water lines in Bullitt County, Kentucky and will assume all indebtedness of the District. Other proposed provisions include an equalization of rates charged to customers in Bullitt County with those in Jefferson County, Kentucky over the next ten years. The merger agreement is subject to approval by the Kentucky Public Service Commission. No hearing date has been set for by the Commission as of the date of this audit report.

# RESOLUTION

## INDEMNIFICATION OF COMMISSIONERS AND DISTRICT MANAGER

THE BOARD OF COMMISSIONERS OF THE KENTUCKY TURNPIKE WATER DISTRICT DOES HEREBY RESOLVE AS FOLLOWS:

The KENTUCKY TURNPIKE WATER DISTRICT (the "District") shall indemnify the District Manager and each of its commissioners who were or are a party or are threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he is or was the District Manager or a commissioner of the District, against expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in, or not opposed to, the best interests of the District, and with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful.

Except as provided herein below, any such indemnification shall be made by the District only as authorized in the specific case upon a determination that indemnification of the commissioner or District Manager is proper in the

circumstances because he has met the applicable standard of conduct set forth above. Such determination shall be made by the Board of Commissioners by a majority vote of a quorum of commissioners who were not or are not parties to such action, suit or proceeding. In the event a quorum cannot be obtained because a majority or more of the commissioners are or were parties to such action, suit or proceeding, then a majority vote of the full Board of Commissioners shall make such determination.

Expenses (including attorneys' fees) incurred in defending a civil, administrative, investigative or criminal action, suit or proceeding may be paid by the District in advance of the final disposition of such action, suit or proceeding if authorized by the Board of Commissioners and upon receipt of an undertaking by or on behalf of the commissioner or District Manager to repay such amount unless it shall ultimately be determined that he is entitled to be indemnified by the District.

To the extent that a commissioner or the District Manager has been successful on the merits, or otherwise, in defense of any action, suit or proceeding referred to above, or in defense of any claim, issue or matter therein, he shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him in connection therewith, without any further determination that he has met the applicable standard of conduct set forth above.

In connection with any action, suit, proceeding or matter in which a commissioner or the District Manager is adjudged to be liable on the basis of having received an improper, direct financial benefit, the District shall not indemnify the commissioner or the District Manager if he participated in any official action by the District which resulted in the improper, direct financial benefit to him.

Mr. John L. Huber  
President  
Louisville Water Company  
550 South Third Street  
Louisville, Kentucky 40202

Dear Mr. Huber:

We refer to the Merger Agreement (the "Agreement") to be entered into today by and between Kentucky Turnpike Water District ("KTWD") and Louisville Water Company ("LWC") pursuant to which LWC will acquire all of the KTWD assets and assume all of the KTWD liabilities as provided in the Agreement.

The disclosures made in the following letter or in the documents identified therein as having been delivered or made available to LWC or its counsel are intended to provide information to supplement or complete certain representations and warranties made by KTWD in the Agreement to which the Disclosure Letter is attached. All capitalized terms used in this Disclosure Letter and not otherwise defined herein shall have the meanings ascribed to them in the Agreement.

References to any document are to such document as amended as of the date of the Agreement. All descriptions of documents in this Disclosure Letter that have been previously delivered or made available to LWC or its counsel are qualified in their entirety by reference to the actual provisions of such documents. Disclosure of any information on one portion of the Disclosure Letter shall be deemed disclosure on all other portions of the Disclosure Letter to which such information is relevant with respect to all Sections of the Agreement. Accordingly, any numbering or references herein to Exhibits or Sections of the Agreement are for convenience only and do not in any way limit, and shall not be regarded as limiting, the disclosure concerning such numbered or referred to Exhibits or Sections.

In preparing certain portions of this Disclosure Letter, KTWD has provided information not necessarily called for by the Agreement but which seemed relevant or possibly useful to LWC, even though KTWD does not believe all such information to be material to KTWD's business or financial condition. In no event shall the listing of such agreements or other matters in this Disclosure Letter be deemed or interpreted to broaden or otherwise amplify KTWD's representations and warranties, covenants or agreements contained in the Agreement. The headings contained in this Disclosure Letter are for convenience of reference only and shall not be deemed to modify or influence the interpretation of the information contained in this Disclosure Letter or the Agreement. Furthermore, the disclosure of a particular item of information in this Disclosure Letter shall not be taken as an admission by KTWD that such disclosure is required to be made under the terms of any of such representations and warranties.

Nothing in this Disclosure Letter shall constitute an admission of any liability or obligation of KTWD to any third party.

By reference to the Exhibits of the Agreement (using the lettering of such Exhibits), the following matters are disclosed:

#### **Exhibit C – Liabilities**

##### Division 1 Liabilities:

The parties agree that the inventory of Division 1 Liabilities will be delivered at Closing. Therefore, KTWD makes no representations or warranties as to the Division 1 Liabilities.

##### Division 2 Liabilities:

1. All duties and obligations with respect to the contracts listed above.
2. *KTWD v. Glover, et al.* Civil Action No. 00-CI-00242, pending in Bullitt Circuit Court. This is a condemnation action and is being handled for KTWD by John Wooldridge.
3. *Tony Colwell v. KTWD* Civil Action No. 95-CI-00031, pending in Bullitt Circuit Court. This is an employment discrimination action. The case was filed in state court and removed to federal court (federal question jurisdiction). The federal court dismissed the federal claims and remanded the remaining state claims to state court. It has sat in state court without any activity since March 29, 1996. KTWD's original counsel (hired by the insurance company) is no longer involved in the case because the firm disbanded. KTWD's insurance carrier is aware that the case is still pending but has not done anything with regard to it or hired new counsel for KTWD. Stites & Harbison had agreed to enter an appearance in the case and to seek its dismissal for failure to prosecute.

4. *Sluder v. KTWD* Civil Action No. 95-CI-00334, pending in Bullitt Circuit Court. This case alleges interference by KTWD with Plaintiffs' riparian rights. Plaintiffs claim that the access road that leads to a storage tank owned by KTWD has caused excess water to drain onto Plaintiffs' property. Plaintiffs have not specified their alleged damages. Stites & Harbison is counsel of record for KTWD. KTWD filed an Answer on May 8, 2000, but no further action has been taken by either party.
5. As part of the settlement of PSC Case No. 1999-237, the successor to KTWD (if any), i.e. LWC, must give the PSC adequate assurance prior to the approval of any merger or acquisition that the successor will assume the KTWD's obligation to refund monies collected for the Cedar Grove Road Transmission Line. The amount KTWD has agreed to refund is \$196,350.
6. Loan Agreement between Salt River Electric Cooperative Corporation and KTWD for a \$250,000.00 term loan. Monthly payments of \$2,314.82 begin on January 8, 2001 and end on December 8, 2009. SRECC holds a mortgage (recorded in Book 0505, Page 452 in the office of the Bullitt County Clerk) against the real property owned by KTWD, more particularly described as follows:

Being Lots Sixty-Nine (69) and Seventy (70), of Burkland Gardens Subdivision, Section 3-A, plat of which is of record in Plat Cabinet 1, Slide 596, Bullitt County Clerk's Office.

Being the same property to which first party, Kentucky Turnpike Water District, acquired title by deed dated the 10<sup>th</sup> day of February, 1993, recorded in Deed Book 368, page 319 in the Clerk's Office of the Bullitt County Court.

7. Loans from Kentucky Infrastructure Authority as follows:

<u>Loan Number</u>	<u>Outstanding Principal</u>
Loan C89-50 (Division 1)	\$141,663.46
Loan C89-50 (Division 2 Deferred)	\$175,887.86
Loan C89-50 (Division 2)	\$637,992.34

There is also another KIA loan to Division 1 which will be disclosed by LWC at Closing.

8. Loan from the Bank of Evansville with outstanding principal of \$1,485,000.00.
9. KTWD believes that Mr. Manning, a KTWD customer, has intervened in the Application of LWC to the PSC for approval of the Agreement with KTWD. Because KTWD is not a party to that proceeding, it has not received a copy of the order granting intervention (if any). Mr. Manning seeks relief from paying a customer participation fee that he alleges is unlawful.

10. ~~Salary, wages, vacation, expenses and other matters with respect to the employees of KTWD.~~

**Exhibit D – Employees**

See attached list of KTWD employees.

**Exhibit I – Financial Statements**

1. See attached KTWD Division II Audited Financial Statements as of December 31, 1999 and 1998.
2. KTWD Division I Audited Financial Statements as of December 31, 1999 were prepared by LWC's accountants and LWC is currently in possession of such statements.

**Exhibit J – Customer List**

Bullitt County

Dear Ms. Vaughn,

I have this day examined record title to the real estate referenced above owned by ~~Bullitt Development Corporation~~ as shown by deed dated April 28, 1982, recorded in Deed Book 250 Page 301 in the office of the Clerk of the Bullitt County Court.

5. Right of way easement in favor of Salt River Water District for waterline and tank site, dated May 11, 1993, recorded in Deed Book 373 Page 63, with agreement to remove old tank. I have run title on this easement and find it to still be valid.
