Re: Case No. 2007-00134
City of Versailles, Kentucky

Dear Chairman Goss:

The drought that Central Kentucky experienced in 2007 and the dramatic shortages in water supply throughout the Southeastern United States are alarming reminders that it is imperative to secure a comprehensive, reasonable and cost-effective solution to the water supply issues facing Central Kentucky.

As Mayor of the City of Versailles, I would like to strongly encourage the Commission to proceed with due haste to make a reasoned decision that is in the best interests of all of us here in Central Kentucky.

Sincerely yours,
