I encourage the PSC to approve this solution for the Fayette county people. After 20 years of conversations and no resulting action, we finally have a chance to see this come to fruition. I disagree with the LFUCC's request to delay - this will continue to drag the final result out. There have been enough meetings about this, and enough reviews, to understand that this solution is fair and will support the city and county needs. It's time to finally make something happen and put in place a viable solution for a very real issue.

Thank you,
Nancy Turner, Lexington
