Re: Case # 2007-00134
Central Kentucky Solution

I want to let the PSC know that I am for the Bluegrass Water Supply Commission and Kentucky American Water's project. This team has worked hard over the years to find the best solution for our water supply problem.

I am adamantly apposed to the Louisville project.

We need a solution now! KAW and the BWSC has the BEST solution for our central region. They are ready to go and will have completion in time for the Work Equestrian Games here in Lexington in 2010.

Don't let our proud city have to purchase water from Louisville. Let our region take care of it's own! We have the best solution.

Thank you
Karin Ramey
