Address: 7156 Peaks Mill Rd, FRANKFORT, KY 40601

Case: 2007-00134

COMMENTS: I discussed the pipeline with
another neighbor and was told it would go
behind my property. Then, someone said it
may run in front of my property.

What matters most to me ARE the historical sites,
i.e., the rock walls, old trees, & ELKHORN Creek. Also, the
forest animals. We have a game preserve not far
from my home.

No, I do not want the pipeline to go through
my area. I do not see the benefit for the
people of Peaks Mill as we have our own water
company.
