Name: Donnie AND Debbie HUTCHISON

Address: 3930 IRONWORKS RD GEORGETOWN, KY 40324

Case: 2007-00134

COMMENTS: We are adamantly opposed to
the water line that Kentucky American Water wants to
put through Ironworks Road from Owen County.

From the information we've read from several
different sources, by spending a lot more
money to draw water from the Kentucky River
makes no common sense.

Besides the cost of the project, we do not trust
that Kentucky American Water will do much to
please landowners if the project is approved. They
have sent contracts to landowners before approval.
Several landowners assumed that because these contracts
were sent, the project had been approved. No way to do
business, in our opinion.
