RE: (FAA AND KAZC APPROVALS NEEDED PER EMAIL)

Enclosed please find all FAA and KAZC approvals for the following (5) cases listed in the email from Renee Smith on Nov. 21, 2007.

2006-00133

2006-00306

2007-00035

2007-00208

2007-00146

One of the cases in Renee's email was not ours (2006-00105). I assumed it was meant to be 2007-00105 instead which is also enclosed. As I understand, these are the only ones you need at this time. However, if there is any further information you need, please contact me at 1-606-874-7550, Ext. 166 or you may email me at <a href="mailto:jrobinson166a@ekn.com">jrobinson166a@ekn.com</a>.

Thank you,

Vanice Robinson

Aeronautical Study No. 2007-ASO-1389-OE

Issued Date: 04/30/2007

Ali Kuzehkanani East Kentucky Network, LLC 1650 Tysons Boulevard, Suite 1500 McLean, VA 22182

#### \*\* DETERMINATION OF NO HAZARD TO AIR NAVIGATION \*\*

The Federal Aviation Administration has conducted an aeronautical study under the provisions of 49 U.S.C., Section 44718 and if applicable Title 14 of the Code of Federal Regulations, part 77, concerning:

Structure: Antenna Tower Lexie

Location: Lexie, KY

Latitude: 37-44-55.22 N NAD 83

Longitude: 83-24-28.57 W

Heights: 320 feet above ground level (AGL)

1507 feet above mean sea level (AMSL)

This aeronautical study revealed that the structure does not exceed obstruction standards and would not be a hazard to air navigation provided the following condition(s), if any, is(are) met:

As a condition to this Determination, the structure is marked and/or lighted in accordance with FAA Advisory circular 70/7460-1 K Change 2, Obstruction Marking and Lighting, a med-dual system - Chapters 4,8(M-Dual),&12.

It is required that the enclosed FAA Form 7460-2, Notice of Actual Construction or Alteration, be completed and returned to this office any time the project is abandoned or:

	At least 10 days prior to start of construction (7460-2, Part I)
X	Within 5 days after the construction reaches its greatest height (7460-2, Part II)

This determination expires on 10/30/2008 unless:

- (a) extended, revised or terminated by the issuing office.
- (b) the construction is subject to the licensing authority of the Federal Communications Commission (FCC) and an application for a construction permit has been filed, as required by the FCC, within 6 months of the date of this determination. In such case, the determination expires on the date prescribed by the FCC for completion of construction, or the date the FCC denies the application.

NOTE: REQUEST FOR EXTENSION OF THE EFFECTIVE PERIOD OF THIS DETERMINATION MUST BE POSTMARKED OR DELIVERED TO THIS OFFICE AT LEAST 15 DAYS PRIOR TO THE EXPIRATION DATE.

This determination is based, in part, on the foregoing description which includes specific coordinates, heights, frequency(ies) and power. Any changes in coordinates, heights, and frequencies or use of greater power will void this determination. Any future construction or alteration, including increase to heights, power, or the addition of other transmitters, requires separate notice to the FAA.

This determination does include temporary construction equipment such as cranes, derricks, etc., which may be used during actual construction of the structure. However, this equipment shall not exceed the overall heights as indicated above. Equipment which has a height greater than the studied structure requires separate notice to the FAA.

This determination concerns the effect of this structure on the safe and efficient use of navigable airspace by aircraft and does not relieve the sponsor of compliance responsibilities relating to any law, ordinance, or regulation of any Federal, State, or local government body.

A copy of this determination will be forwarded to the Federal Communications Commission if the structure is subject to their licensing authority.

If we can be of further assistance, please contact our office at (817) 838-1995. On any future correspondence concerning this matter, please refer to Aeronautical Study Number 2007-ASO-1389-OE.

APPROVAL OF APPLICATION

APPLICANT:

East Kentucky Network, LLC Ali Kuzehkanani, Director of Engineering c/o Lukas, Nace, Guitierrez, & Sachs, Chtd 1650 Tysons Boulevard, Suite 1500 MCLEAN, VA 22102

SUBJECT: AS-119-JKL-07-093

STRUCTURE: Antenna Tower LOCATION: Lexie, KY

COORDINATES: 37-44-55.0 N / 83-24-29.0 W

HEIGHT: 320'AGL/1507'AMSL

The Kentucky Airport Zoning Commission has approved your application for a permit to construct 320'AGL/1507'AMSL Antenna Tower near Lexie, KY 37-44-55.0 N / 83-24-29.0 W

This permit is valid for a period of 18 Month(s) from its date of issuance. If construction is not completed within said 18-Month period, this permit shall lapse and be void, and no work shall be performed without the issuance of a new permit.

A copy of the approved application is enclosed for your files

Dual obstruction lighting is required in accordance with 602 KAR 50:100.

John Houlihan, Administrator
