GLOBAL CONNECTION INC. OF KENTUCKY)
PETITION FOR DESIGNATION AS)
AN ELIGIBLE TELECOMMUNICATIONS)
CARRIER IN THE COMMONWEALTH)
OF KENTUCKY)

Case No. 2007-00177

**PETITION FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS
CARRIER IN THE COMMONWEALTH OF KENTUCKY**

1. Global Connection Inc. of Kentucky, by counsel, and pursuant to section 214 of the Telecommunications Act of 1996 (the "Act"), hereby submits its Petition for Designation ("Petition") as an eligible telecommunications carrier ("ETC") in the Commonwealth of Kentucky.

2. Global Connection Inc. of Kentucky (Organization ID: 0479132) is a facilities-based competitive local exchange carrier with its principal business address at 3957 Pleasantdale Road, Atlanta, GA 30340. Global Connection Inc. of Kentucky currently provides both residential and business services to approximately 3,000 access lines in Kentucky (Filing No. T62-1346. Global Connection Inc. of Kentucky seeks ETC designation for the GLSGKYXADS0 wire center ("Designated Area"), a wire center of the non-rural incumbent local exchange carrier, Kentucky Alltel, AT&T, SBC and BELLSOUTH. As demonstrated herein, and certified in Exhibit A to this Petition, Global Connection Inc. of Kentucky satisfies all of the requirements for designation as an ETC

for the Designated Area and respectfully requests that the Kentucky Public Service Commission (the “Commission”) promptly grant its Petition.

I. GLOBAL CONNECTION INC OF KENTUCKY MEETS ALL THE REQUIREMENTS FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER TO SERVE THE DESIGNATED AREA IN THE COMMONWEALTH OF KENTUCKY.

3. Pursuant to 47 U.S.C § 214(e)(2), the Commission, “consistent with the public interest, convenience and necessity . . . may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated by the State commission, so long as [the] requesting carrier meets the requirements of paragraph (1)” of Section 214(e). Global Connection Inc. of Kentucky satisfies the requirements of paragraph (1) of Section 214 (e); therefore, the commission should designate Global Connection Inc of Kentucky as an ETC for the Designated Area.

4. A common carrier designated as an eligible telecommunications carrier. . . shall be eligible to receive universal service support in accordance with section 254 of this title and shall, throughout the service area for which the designation is received-

(A) offer the services that are supported by Federal universal service support mechanisms under section 254(c) of this title, either using its own facilities or a combination of its own facilities and resale of another carrier’s services (including the services offered by another eligible telecommunications carrier); and

(B) advertise the availability of such services and the charges therefore using media of general distribution.

47 U.S.C. § 214(e)(1). Pursuant to this statute, so long as a telecommunications carrier offers the services supported by the Universal Service Fund using its own facilities or a

combination of its own facilities and those of another telecommunications carrier, and advertises the availability of such services, “a State commission shall . . . designate [the] common carrier . . . as an eligible telecommunications carrier for a service area designated by the State commission.” 47 U.S.C. § 214 (e)(2). The services supported by the Universal Service Fund are: 1) voice grade access to the public switched network, 2) local usage, 3) dual tone multi-frequency signaling or its functional equivalent, 4) single-party service or its functional equivalent, 5) access to emergency services, 6) access to operator services, 7) access to interexchange service, 8) access to directory assistance, and 9) toll limitation for qualifying low-income consumers. *See* 47 C.F.R. § 54.101(a). As demonstrated below, and as set forth in the declaration of Forrest Wilson, authorized representative of Global Connection Inc of Kentucky, Global Connection Inc of Kentucky will offer all of the services supported by the Universal Service Fund using a combination of its own facilities and those of other telecommunications carriers, and advertise the availability of those services. (*See* Exhibit A, Declarations of Forrest Wilson). Accordingly, the Commission should grant Global Connection Inc of Kentucky petition.

A. Global Connection Inc of Kentucky Provides Service Using Almost Exclusively its Own Facilities.

5. A carrier requesting ETC designation must provide services over its own facilities or through a combination of its own facilities and resale of another carrier’s service. Global Connection Inc of Kentucky currently provides its services exclusively through its own facilities. Nonetheless, Global Connection Inc of Kentucky’s agreements with AllTel and AT&T include resale services and accordingly Global Connection Inc of

Kentucky will use resale capabilities to meet its service obligations in those isolated instances in which it might currently lack such facilities.

B Global Connection Inc of Kentucky Offers All Required Services and Functionalities.

6. Global Connection Inc of Kentucky already provides all services and functionalities supported by the federal universal service program as set forth in 47 C.F.R 54.101(a) and will continue to do so upon receipt of ETC designation.

(i) Voice grade access to the public switched telephone network.

7. Voice grade access to the public switched telephone network (“PSTN”) is defined as “a functionality that enables a user of telecommunications services to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indicating there is an incoming call. For the purposes of this part, bandwidth for voice grade access should be, at a minimum, 300 to 3,000 Hertz.” 47 C.F.R § 54.101(a)(1). Global Connection Inc of Kentucky meets this requirement by providing a voice grade access to the public switched network through its Siemens EWSD switch. Through its interconnection

arrangements with AllTel and AT&T and other local exchange carriers, Global Connection Inc of Kentucky customers are able to make and receive calls on the public switched network within the specified bandwidth. Therefore, Global Connection Inc of Kentucky offers voice grade access to the public switched network within the meaning of 47 C.F.R. § 54.101(a)(1).

(ii) Local usage.

8. Local usage is defined as “an amount of minutes of use of exchange service, prescribed by the Commission, provided free of charge to end users.” 47 C.F.R § 54.101 (a)(2). Global Connection Inc of Kentucky provides unlimited flat rate calling (i.e., non-metered or measured) access to its customers to local and EAS calling plans established and tariffed by the incumbent carrier. Moreover, as a designated ETC, Global Connection Inc of Kentucky will comply with any and all minimum local usage requirements required by applicable law.

(ii) Dual tone multi-frequency (“DTMF”) signaling or its functional equivalent.

9. Section (a)(3) of 47 C.F.R 54.101 provides for supported services to include “dual tone multi-frequency signaling or its functional equivalent.” Dual tone multi-frequency (“DTMF”) is defined as “a method of signaling that facilitates the

transportation of signaling through the network, shortening call set-up time.” *Id.* Global Connection Inc of Kentucky’s network is fully DTMF-compliant.

(iii) Single-party service or its functional equivalent.

10. Single-party service is defined as “telecommunications service that permits users to have exclusive use of a wireline subscriber loop or access line for each call placed, or, in the case of wireless telecommunications carriers, which use spectrum shared among users to provide service, a dedicated message path for the length of a user’s particular transmission.” 47 C.F.R. § 54.101(a)(4). Global Connection Inc of Kentucky provides customers with single-party access for the duration of every phone call. Accordingly, Global Connection Inc of Kentucky provides customers with single-party service within the meaning of the Federal Communication Commission’s (“FCC’s”) regulations.

(iv) Access to 911 and E911 emergency service.

11. “Access to emergency services includes access to services, such as 911 and enhanced 011, provided by local governments or other public safety organizations.” 47 C.F.R. § 54.101(5). Global Connection Inc of Kentucky provides access to 911 and enhances E911 and is fully interconnected with the Barren County public safety answering point (“PSAP”) that serves the areas for which the company seeks ETC designation.

(vi) Access to operator services.

12. Access to operator services is defined as “access to any automatic or live assistance to a customer to arrange for billing or completion, or both, of a telephone call.” 47 C.F.R. § 54.101(6). Global Connection Inc of Kentucky provides access to operator

services to its customers under contractual arrangements with an operator services provider.

(vii) Access to interexchange service (“IXC”).

13. Access to interexchange service is defined as “the use of the loop, as well as that portion of the switch that is paid for by the end user, or the functional equivalent of these network elements in the case of a wireless carrier, necessary to access an interexchange carrier’s network.” 47 C.F.R. § 54.101(7). In addition to its own affiliate long distance company, Global Connection Inc of Kentucky allows consumers to presubscribe to other interexchange carriers and complete dial around calls for those carriers who have provisioned the appropriate facilities and support such services.

(viii) Access to directory assistance.

14. Access to directory assistance is defined as “access to a service that includes, but is not limited to, making available to customers, upon request, information contained in directory listings.” 47 C.F.R. § 54.101(8). Global Connection Inc of Kentucky customers can access directory assistance services by dialing 411 or through the service offering of their presubscribed carrier by dialing 1+NPA+555+-1212. Global Connection Inc of Kentucky provides through the incumbent telephone company, listing in the white pages telephone directory published for the general area.

(ix) Toll limitation for qualified low-income consumers.

15. Toll limitation for qualifying low-income consumers is defined as “toll blocking or toll control for eligible telecommunications carriers that are incapable of providing both services, toll limitation, denotes both toll blocking and toll control.” 47 C.F.R. § 54.400(d). Toll blocking “is a service provided by carriers that lets consumers

elect not to allow the completion of outgoing toll calls from their telecommunications channel.” 47 C.F.R. § 54.400(b). “Toll control is a service provided by carriers that allows consumers to specify a certain amount of toll usage that may be incurred on their telecommunications channel per month or per billing cycle.” 47 C.F.R. § 54.400(c).

16. Global Connection Inc of Kentucky already makes toll limitation services available to its customers who request such services. Upon designation as an ETC, Global Connection Inc of Kentucky will offer these services to consumers who meet the qualifications for Lifeline as specified in 47 C.F.R. § 54.409.

C. Global Connection Inc of Kentucky Will Advertise the Availability of Supported Services.

17. Global Connection Inc of Kentucky will advertise the availability of the supported services detailed above, as well as the charges therefore, using media of general distribution in accordance with 47 C.F.R. § 54.201(d)(2). The methods of advertising utilized may include newspapers, magazines, radio, or television as well as other methods that constitute media of general distribution in the Designated Area of Kentucky.

II. GLOBAL CONNECTION INC. OF KENTUCKY PROVIDES SERVICES THROUGHOUT THE AREA FOR WHICH IT SEEKS ETC DESIGNATION.

18. Global Connection Inc of Kentucky service area is widespread throughout Kentucky. Kentucky rate center area now served by AllTel and AT&T. It is this exchange for which the Company requests ETC designation. Global Connection Inc of Kentucky has facilities in place to serve the vast majority of the exchange. Receipt of

ETC designation, however, would provide Global Connection Inc of Kentucky with the access to funds it needs to attempt to reach previously unservable customers.

19.

III. IN ACCORDANCE WITH 47 U.S.C. § 214(e)(2), GLOBAL CONNECTION INC. OF KENTUCKY IS ENTITLED TO BE DESIGNATED AS AN ETC IN NON-RURAL WIRE CENTERS.

20. Pursuant to 47 U.S.C. § 214(e) and 47 C.F.R. § 54.201(c), Global Connection Inc of Kentucky is entitled to be granted ETC status by the Commission in the GLSGKYXADS0 wire center. “A State commission *shall* upon its own motion or upon request designate a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the State commission.” 47 U.S.C. § 214(e)(2). Given Global Connection Inc of Kentucky satisfies the requirements of paragraph (1) of 47 U.S.C. § 214(e) as described above, the Commission should grant Global Connection Inc of Kentucky petition for ETC status in the GLSGKYXADS0 wire center.

IV. DESIGNATION OF GLOBAL CONNECTION AS AN ETC FOR THE DESIGNATED AREA WOULD SERVICE THE PUBLIC INTEREST.

21. The FCC has determined that “[d]esignation of competitive ETCs promotes competition and benefits consumers in rural and high-cost areas by increasing customer choice, innovative services, and new technologies.” Designation of Global Connection Inc of Kentucky as an ETC would promote competition and facilitate the provision of advanced communications services to residents of Kentucky. Consumers would reap the benefits of local exchange service.

22. Unlike the majority of providers, Global Connection Inc of Kentucky offers service on a land-line (non-CMRS) basis. Accordingly, it is uniquely qualified to deliver high quality reliable services without the CPE or contract restrictions or other providers. The continued growth of the company in its target market clearly points to a demand from the subscribers of Kentucky for an alternative solution to available providers in the Kentucky area.

23. As an ETC, Global Connection will continue its effort to provide high quality competitively priced telecommunication services that aides the economic development of the Kentucky area as only a locally owned and run business can provide. In addition, by expanding the company's ability to provide a true Lifeline service, Global Connection Inc of Kentucky will bring the benefits of competition to a market segment too frequently overlooked by other providers.

24. When granted ETC status, Global Connection Inc of Kentucky will provide the Lifeline discount against qualifying residential services selected by the subscriber. Similar discounting will be applied for qualifying installation fees for new service establishment with Global Connection Inc of Kentucky.

25. Global Connection Inc of Kentucky believes that the grant of this request is for the public interest because ETC status will allow Global Connection Inc of Kentucky to continue to expand the range of competitive choices available to customers in Kentucky.

V. GLOBAL CONNECTION MEETS THE ADDITIONAL REQUIREMENTS ADOPTED BY THE FCC.

26. In its February 28, 2005 press release, the FCC adopted additional requirements for ETC proceedings as summarized below:

- (1) **Eligibility Requirements** – In satisfying its burden of proof necessary to obtain ETC designation, an ETC applicant must now: 1) provide a five-year plan demonstrating how high-cost universal service support will be used to improve its coverage, service quality or capacity throughout the service area for which it seeks designation; 2) demonstrate its ability to remain functional in emergency situations; 3) demonstrate that it will satisfy consumer protection and service quality standards; 4) offer local usage plans comparable to those offered by the incumbent local exchange carrier (LEC) in the areas for which it seeks designation; and 5) acknowledge that it may be required to provide equal access if all other ETCs in the designated service area relinquish their designations. In addition, these requirements are made applicable on a prospective basis to all ETCs previously designated by the Commission, and such ETCs are required to submit evidence demonstrating how they comply with this new ETC designation framework by October 1, 2006.

27. Global Connection Inc of Kentucky has undertaken considerable financial risk to overbuild the exchange in which it now seeks ETC designation. Absent access to funds, it is unlikely that the company will be able to continue its aggressive plan of providing high quality services to the community it serves. Its five-year plan upon receipt of ETC designation is to improve its coverage in the few areas it now lacks facilities; improve redundancy within its network; offer Lifeline Services to eligible subscribers; expand local calling options; and upgrade its network to new technologies arrive.

28. Global Connection Inc of Kentucky network is alternately powered by an emergency generator and battery back up in the event of a power failure. Whenever feasible, the company has diversely routed facilities between its network and the public switched network. In addition, the company participates in the disaster recovery and operations plan adopted by its parent company, Global Connection Inc of Kentucky Rural Telephone Cooperative, in the event of a disaster. Included in this plan is a provision that

allows for the loan of a switch by the company's switch vendor to provide dial tone functionality as quickly as possible following an extended outage.

29. Global Connection provides unlimited flat rate local calling to the same calling scope standard as the incumbent telephone company, AllTel. In addition, subscribers have the option for expanded calling for an additional fee.

30. Applicant acknowledges that it may be required to provide equal access if all other ETCs in the designated service area relinquish their designations.

31. Global Connection Inc of Kentucky proposes its ETC designation will apply for the entire Kentucky exchange. That exchange is a non-rural designation and the company has already shown a willingness and ability to meet the needs of the exchange. Accordingly, there is no risk of "cream-skimming" and grant of its ETC request is in the public interest.

VI. ANNUAL CERTIFICATIONS

33. Global Connection Inc of Kentucky is fully capable of meeting additional reporting and certification requirements contained in the FCC's February press release as summarized below.

(3) Annual Certification and Reporting Requirements - Each ETC designated by the Commission, including those designated prior to this decision, must submit on an annual basis: 1) progress updates on its five-year service quality improvement plan; 2) detailed information on outages in the ETC's network; 3) how many requests for service from potential customer ere unfulfilled for the past year and the number of complaints per 1,000 handsets or lines; and 4) certifications that the ETC is complying with applicable service quality standards and consumer protection rules, is able to function in emergency situations, is offering a local usage plan comparable to that offered by the incumbent LEC in the relevant service areas, and acknowledge that the Commission may require it to provide equal access to long distance carriers.

VI. HIGH-COST CERTIFICATION

34. Under FCC Rules 54.313 and 54.314, carriers wishing to obtain high-cost support must either be certified by the appropriate state commission or, where the state commission does not exercise jurisdiction, self-certify with the FCC and the Universal Service Administrative Corporation (“USAC”) their compliance with Section 254(e) of the Federal Telecommunication Act of 1996. Global Connection Inc of Kentucky attaches its high-cost certification declaration as Exhibit C hereto. Global Connection Inc of Kentucky respectfully requests that the Commission issue a finding that Global Connection Inc of Kentucky has met the high-cost certification requirement and that Global Connection Inc of Kentucky is, therefore, entitled to begin receiving high-cost support as of the date it receives a grant of ETC status in order that funding will not be delayed.

VII. ANTI-DRUG ABUSE CERTIFICATION

35. No party to this Petition is subject to denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.13.

IX. CONCLUSION.

36. For the foregoing reasons, and in accordance with the Act and the FCC's regulations, Global Connection Inc of Kentucky respectfully requests that the Commission promptly grant its petition for designation as an eligible telecommunications carrier.

Respectfully submitted,

By: 

Houssam Abdallah

Owner, Global Connection Inc. of Kentucky

April 24, 2007

Exhibit A

G. Lifeline

1. Applicability:

- a. Lifeline discounts are applicable to local exchange services provided to eligible residential Applicants.

2. Territory:

- a. Within the base rate areas of all BellSouth, Sprint, and Verizon exchanges as shown and defined in the Incumbent LEC's current and effective Tariffs on file with the Commission.

3. Discounts:

- a. Lifeline is provided as a reduction of the subscriber's access line rate for local service in amounts equal to the sum of the state and/or federal approves and supported credits.

4. Terms and Conditions:

- a. Lifeline is provided only to the customer's principle residence
- b. One low-income credit is available per household and applicable to the primary residential connection only. The names subscriber must be a current recipient of any of the low-income assistance programs identified in 5 following.
- c. Proof of eligibility in any of the qualifying low-income assistance programs should be provided to the Company at the time of application for service. The Lifeline credit will not be established until the Company has received proof of eligibility.
- d. When, for any reason, a customer is determined to be ineligible the Company will contact the customer. If the customer cannot provide eligibility documentation, the Lifeline account will be disconnected.
- e. Certification of eligibility in any of the qualifying low-income assistance programs will be required for any account that has been disconnected prior to the

reestablishment of the service.

5. Eligible low-income assistance programs:

- a. The eligible low-income assistance programs are the same as those defined in the Incumbent LEC's current and effective Tariffs on file with the Commission..

H. Link-Up

- 1.Link-Up is a connection assistance programs, which provides for the reduction of applicable charges associated with connection of telephone service.
2. The applicant must meet the requirements for qualification for Lifeline Telephone Service.

EXHIBIT B

MANAGEMENT and TECHNICALTEAM

Houssam Abdallah established Global Connection Inc. of America in June 1998. He serves as its President/CEO and is involved in ensuring regulatory compliance. He has an Industrial Engineering degree. He maintains continuing communications with BellSouth, as well as other I.L.E.C.s that the Company utilizes in providing services. Global Connection Inc. of America, a Georgia corporation is engaged in the delivery of prepaid telecommunication services, primarily in the state of Georgia and also has authority to operate in the states of Alabama, Arkansas, Florida, Illinois, Indiana, Kentucky, Michigan, Mississippi, North Carolina, South Carolina and Tennessee. Global Connection Inc. of America has current subscription of approximately 13,000 lines and monthly revenues of over \$600,000.

Prior to such, he created and continues to operate Southeast Dental Care, Inc. ("S.E.D.C.") a regional Dental / Optical / Chiropractic Plan which is primarily directed to income groups not utilizing conventional insurance coverage. S.E.D.C. was founded in 1994 and has expanded to multi-state operations. Mr. Abdallah has extensive experience in the management of sales personnel and identification of market potential.

Bassam Abdallah, Vice President and the Director of Management Information Systems, has extensive experience in the field of technology platforms for administration of commercial operations. Mr. Abdallah has a B.S. degree in Computer Science and over 20 years experience in the set up and design of technical infrastructure. Mr. Abdallah is presently interacting with software engineers to develop the back office technology platform which will allow Global to interface with primary carriers, payment centers and customers on a virtual basis to allow for efficiency in the management of service and account maintenance.

Maxine Alagar is the Director of Center Operations. She came to Global after thirty-four and a half years Telephony experience with BellSouth Telecommunications, Inc. (BellSouth). Her extensive background and knowledge gained is indicated throughout her positions held in both Louisiana and Alabama during pre and post divestiture of South Central Bell and AT&T. Maxine began her career with technical experience as an Operator in Operator Services, a Frame Attendant in Central Offices for Step-by-Step, Cross Bar, and #5 ESS Switching Services and as a Customer Service Representative in Interconnection Customer Service Center (ICSC). She next advanced to an Assistant Manager in the ICSC Provisioning Center; then an Assistant Manager for Wide Area Telephone Service (WATS) Billing in New Orleans, La.; then a Special Access Staff Manager in Alabama. Maxine later held positions as an Assistant Manager Billing and Collections, Collections Director and at the time she had retired, Maxine was the Operations Director of Billing and Collections for BellSouth Accounts Receivables Management in Birmingham, Alabama. As the Operations Director of Billing and Collections she had seven managers and more than seventy Service Representatives which reported directly to her in addition to overseeing the day-to day operations which included escalated disputes for resolution and the collection of Access, Local Interconnection, Collocation, Resale, and Unbundled Network Element Platform (UNE-P) services across BellSouth's nine state region. Maxine also worked closely with BellSouth's General Counsel and BellSouth Regulatory to resolve Competitive Local Exchange Carrier (CLEC) contractual and bankruptcy issues. Her vast knowledge of services contributed to the successful resolution of Public Service Commission and related customer disputed issues.

Onali Momin is the Technical Support Manager. Mr. Momin has a Bachelor of Commerce degree and Diplomas in Computer Science and Computer Programming & Applications. He has also obtained certification in various aspects of programming and technology including: languages, RDBMS, report tools, components, web technologies, tools, operating systems and hardware. Mr. Momin's ongoing responsibilities are to design, develop and deploy the client/server application for customer service, as well as the accounting department.

Exhibit C

1. Certification:

I HOUSSAM ABDALLAH certify that I am the company officer/employee responsible for this request and that I have examined/formulated the foregoing request. To the best of my knowledge, information and belief, all statements of fact contained in said request are correct statements of the business and affairs of the requesting carrier with respect to each and every matter set forth.

GLOBAL CONNECTION, INC. of AMERICA
NOTES TO FINANCIAL STATEMENTS
FOR The YEAR ENDED DECEMBER 31, 2006

NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Company's Activities and Operating Cycle: Global Connection, Inc. of America is a Sub Chapter S type Corporation with a single shareholder. The Company is licensed by th Georgia Public Service Commission as a reseller of telecommunications services in the State of Georgia. The Company is also licensed in Kentucky, Texas, Alabama, North Carolina, Arkansas, Indiana, Florida, Michigan Mississippi, South Carolina, Tennessee, Wisconsin, Illinois, Kansas and Ohio. The Company began its operations in May of 1988. The Company provides credit in the normal course of business to its customers and performs ongoing credit evaluations of those customers. It maintains allowances for doubtful accounts based on factors surrounding the credit risk of specific customers, historical trends, and other information.

Income taxes. The corporation is organized as a subchapter S type corporation. As a subchapter the corporation makes no provision for either Federal or State Federal or State income taxes. Deferred taxes are composed of communication taxes.

Cash and Cash Equivalents. For purposes of reporting cash flows, cash is defined as cash on hand, deposits, and amounts held at financial institutions.

Estimated in Financial Statements. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE-2 PLANT AND EQUIPMENT

The Company depreciates its assets utilizing the straightline half year convention.

Furniture, Fixtures, and Equipment:

Office Furniture and Office Equipment	\$131,131
Vehicles	182,980
Computers and Software	189,646
Accumulated Depreciation	<u>(381,908)</u>
Net Plant and Equipment	<u>\$121,849</u>

NOTE -3 RELATED PARTY TRANSACTIONS

The Company has a note payable to a corporation wholly owned by its sole shareholder. The note carries no fixed interest rate or repayment period.

The company also has outstanding investments with related parties in stocks and other investments with no fixed return on investment dates.

NOTE 4 NOTES PAYABLE

The company has a line of credit with Wachovia at prime plus one. The balance due on December 31, 2006 was \$22,370.

GLOBAL CONNECTION, INC. of AMERICA
NOTES TO FINANCIAL STATEMENTS Continued
FOR The YEAR ENDED DECEMBER 31, 2006

NOTE 5 INVESTMENTS RECEIVABLE

The Company invests what it determines to be excess cash balances at the end of each month with financial institutions. The investments are returned to the company at the beginning of the next month, usually within a three day period.

NOTE 6 CONCENTRATION OF CREDIT RISK

The Company maintains several accounts at banking institutions. Accounts at these institutions are insured by the Federal Depository Insurance Corporation (FDIC) for up to \$100,000. Cash at financial institutions exceeded this limit by \$288,432.
