PUBLIC SERVICE  
COMMISSION

Reference: Case # 2007-00208

Dear Executive Director,

We received your letter of public notice in regards to the proposed construction of a cellular telecommunications tower and its associated equipment shelter near our property on Carr Creek Watershed near Vicco in Knott County, Kentucky. After studying the map you provided, we understand that the exact proposed location is not on our property but is in close proximity to our property, roughly to our North-Northeast. Regardless of that particular fact, we feel that this is indeed a needed facility for this area which has routinely bad to non-existent cell phone coverage. Essentially, we support and encourage the construction of this facility.

Thank You,

  
James L. Breasette

Major James L. Breasette USMC (Ret.)
