Distribution Systems, Inc.)

MOTION FOR EXTENSION OF TIME

Gasco Distribution Systems, Inc., by counsel, moves for an extension of time to file its responses to the Commission's order of October 17, 2007. Because of the short time allowed to respond, seven days, Gasco has not been able to compile the information necessary to complete the answers to the question in the data request. Gasco seeks an extension to November 5 to file its response. If the information can be submitted prior to that date, it will be. Because of the nature of this investigation, the lack of intervenors and lack of a procedural schedule, the delay will not prejudice any party or the Commission.

For these reasons, Gasco requests an extension until November 5, 2007 to respond to the October 17, 2007 order.
