To Whom It May Concern:

I am writing in regard to Case # 2007-00436. My sewer provider is asking for a significant increase in my monthly rates. This is on top of a large increase that became effective this summer.

I live alone and do not use a lot of water. My bill has gone from \$20 to around \$50 already.

This letter is to let you know I am opposed to this increase.

Thank You
