Re: Staff Report
Farmdale Development Corporation
Case No. 2007-00436

Dear Sir:

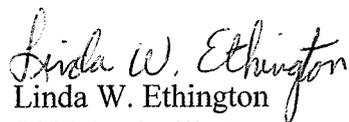

My written comments to the Commission Staff's recent limited financial review of Farmdale's test period operations for the calendar year ending December 31, 2006, is set out below:

(1) Staff recommends a revenue increase of 10.2 percent or a monthly flat rate of \$30.86 per customer with a customer total of 241. Farmdale's previous Background indicates approximately 246 customers. Farmdale should know the exact number of customers whether it be 241 or 246 as this figure does determine the flat rate. I can see customer increase but I can't see customer decrease. Therefore, **I recommend Staff insist Farmdale make another attempt to determine the exact number of customers and submit this list to Staff before this case is submitted to the Commission for a decision.**

(2) Staff failed or just did not mention the \$9.92 monthly surcharge which would be running for a period of 5 years. In order to make the report complete, **I recommend Staff include the \$9.92 surcharge running for 5 years and include the beginning and ending date for said surcharge before this case is submitted to the Commission for a decision.**

In closing, I wish to thank everyone for all their hard work in assisting Farmdale and their customers in an attempt to reduce the drastic 52.64% increase to a livable 10.2%.

Thank you,

Linda W. Ethington
